# Annual Report 2022-2023

# Welcome to the 2022-23 Annual Report

The City of Nedlands is proud to present our Annual Report for the financial year ending 30 June 2023.

The report outlines the City's financial and operational performance for the year against the Strategic Community Plan.

The Local Government Act 1995 requires local governments to adopt an Annual Report by 31 December each year or within two months of the Auditor General's report on the City's financial statement being available. The City of Nedlands meets this requirement by producing a detailed report annually.

Our Annual Report provides an opportunity for us to update our key stakeholders, including residents and ratepayers, on our performance delivering services and projects to the community the past year.

#### **ACKNOWLEDGEMENT OF COUNTRY**

The City of Nedlands acknowledges the traditional custodians of this land, the Whadjuk people of the Noongar Nation, and pays respect to the Elders both past and present.

## Message from the Mayor

As we gather to review the achievements and progress of our beloved City over the past financial year, I am filled with pride and gratitude for the collaborative efforts that have made these accomplishments possible.

Our commitment to representing and safeguarding the interests of our community is unwavering. The City of Nedlands proudly became the only Local Government to endorse the United Nations Sustainable Development Goals, demonstrating our dedication to a sustainable and prosperous future.

The introduction of FOGO has positioned us as a statewide leader, achieving an impressive deferral rate of over 64%. By joining the Western Metropolitan Regional Council as an affiliate member, we've not only increased resident patronage fourfold but have also saved our community a substantial amount through the avoidance of gate fees.

Public Open Space Developer Contributions have been activated, harnessing decades-old state laws to create new parks amid record infill. Our commitment to a liveable, world-leading environment is evident in the planting of 545 new street trees, 15,000 local provenance seedlings and the 600 trees I personally donated. With a focus on urban tree protection, our council leads the state in implementing measures that will contribute to the preservation of the urban tree canopy.

The approval of the dormant Woolworths site and unanimous support for a Stirling Highway underpass reflect our dedication to creating a walkable city for our community.

Financial stewardship has been a top priority, resulting in the restructuring of the City's finances. This not only ensures manageable rates but also builds our reserves for the future. We take pride in being the Local Government with the lowest rate rises in the state over the last three years, a testament to our understanding of the community's priorities.

Supporting our community's wellbeing extends to sporting and cultural endeavours. The completion of the \$2.6 million Swanbourne Surf Club upgrade underscores our commitment to providing state-of-the-art facilities.

Collaboration with UWA for cutting-edge sporting facilities at the UWA Sports Park reflects our dedication to nurturing the next generation of athletes. Our continued support for the Tresillian Arts Centre ensures a vibrant space for emerging and established artists.

These achievements are a testament to the collaborative efforts of the council and administration. Despite challenges, we are making significant headway, and the achievements themselves speak volumes. Our commitment to representing and safeguarding the interests of our community is unwavering. The City of Nedlands proudly became the only Local Government to endorse the United Nations Sustainable Development Goals, demonstrating our dedication to a sustainable and prosperous future.

I firmly believe the City of Nedlands is a city of opportunities for all its people. While we celebrate our successes and the hard work of everyone involved, there is still more to be done. I am optimistic about the future accomplishments the new council and administration can achieve for the continued benefit of our community.

Thank you for your unwavering support and dedication to making the City of Nedlands a thriving and inclusive place for all.

Yours faithfully,

Fiona Argyle
Mayor, City of Nedlands

## Message from the CEO

As we reflect on the accomplishments of the past year, I appreciate the dedication and hard work that has contributed to our successes in 2022-2023.

The achievements we celebrate are a testament to the collective effort of our entire team, and I am honoured to share the progress we have made.

Our commitment to efficiency was reflected in the reviewed and endorsed Governance Framework Policy. This policy ensures precision and adherence to guidelines during our Council meeting decision making process.

The completion of the MARKYT® Community Scorecard 2023 and its subsequent acceptance by Council, forms the bedrock of informed strategic planning. The high level of engagement provided valuable insights that will shape the future of the City in delivering services that align with the needs of our community.

The successful endorsement of the ERP 'OneCouncil' Project Status Report and Stage 2 Delivery Timeframe, by the Audit and Risk Committee and Council, highlights our dedication to excellence. Quarterly project status reports have enhanced transparency, contributing to the effectiveness of our operations.

Our commitment to investigating the City's ability to sustainably deliver the underground power program is evident in the endorsed Business Case for remaining project stages. The implementation of the Community Consultation Plan reflects our dedication to hearing from our community and delivering within our budget.

The successful implementation of the FOGO waste management program, coupled with community information sessions, showcases our commitment to sustainable environmental practices. The engagement in the program not only reduced waste, but helped to foster a meaningful connection with our community.

The development and endorsement of the Stirling Highway Precinct Strategy, along with progress in reviewing the Strategic Community Plan, are notable achievements led by our dedication to planning and community consultation. These strategies will guide the future development and direction of our City.

The development of the Council Plan, coupled with the finalised and endorsed Long Term Financial Plan marks significant achievements. These provide clear direction for the City of Nedlands ensuring fiscal responsibility, sustainability and long-term stability.

The commencement of the Land Asset
Optimisation Strategy and completion
and endorsement of the Forward Works
Plan for asset management reflect our
commitment to continuous improvement.

I want to express my gratitude to each member of the City of Nedlands community for your engagement, support and passion. Thank you to our Council Members, staff and everyone who has worked on these projects. Together, we have achieved significant milestones, and I am optimistic about the continued success for the future.

Bill Parker CEO, City of Nedlands

The development and endorsement of the Stirling Highway Precinct Strategy, along with progress in reviewing the Strategic Community Plan, are notable achievements led by our dedication to planning and community consultation.

# About our City of Nedlands

## **Our History**

On 1 July 1959 Nedlands was declared a City by the Governor, Sir Charles Gairdner after years of petitioning by the Nedlands Road Board.

According to Council minutes from 2 July 1959, 300 ratepayers packed into Dalkeith Civic Hall to hear the proclamation. John Charles Smith became the first Mayor and would go on to dedicate 43 years of his life to the local government of Nedlands.

Stretching from the Indian Ocean to the Swan River, the City of Nedlands was populated by professionals and business owners whose leisure time was spent pursuing sporting endeavors. Playing fields along the foreshore and throughout the City were created to satisfy the athletic appetite of residents.

## **Nedlands Today**

At the end of the 2022-23 financial year the City of Nedlands local government area was characterised by four Wards: The Coastal Ward, Hollywood Ward, Melvista Ward and Dalkeith Ward. Three councillors represented each Ward, taking in the suburbs of Nedlands, Dalkeith, Mt Claremont, Swanbourne, Karrakatta, and parts of Floreat and Shenton Park.

22,132 people called the City home during the 2021 Census with nearly half the working population identifying as Professionals.

Over 50% of residents are couples with children. The State Government-driven urban dwelling infill target for the City of Nedlands is 4,400 new dwellings by 2050. Since July 2018, 437 dwellings have received a building permit which contribute to this target, including 44 this year.

## **Population Projections**

2050: 31,000-34,000

(Estimate – based on State Government-driven urban dwelling infill target of 4,400 new dwellings by 2050).

## **Dwellings Projections**

By 2050, an additional 4,400 new dwellings – State Government-driven urban dwelling infill target.

Our city will be an environmentally sensitive, beautiful and inclusive place.

## **Community's Vision**

Nedlands 2028 Strategic Community Plan

The City of Nedlands
Community Vision is a diverse
community where people can
live through the different ages
and stages of their lives.

We will have easy access to community 'hubs' where a mix of parks, shops, community and sporting facilities will bring people together, strengthening local relationships.

Our city will be an environmentally sensitive, beautiful and inclusive place.

Our gardens, streets, parks and bushlands will be clean, green and tree-lined and we will live sustainably within the natural environment.

We will enjoy great transport systems and people will have access to local facilities through efficient cycling and walking facilities.

We will be an active, safe, inclusive community enjoying a high standard of local services and facilities.

We will live in a beautiful place.

## **Values and Aspirations**

We are strong in culture, arts, sport and recreation. We have protected amenity, respect our history and have strong community leadership.

### **Healthy and Safe**

Our City has clean, safe neighbourhoods where public health is protected and promoted.

### **High Standard of Services**

We have local services delivered to a high standard that take the needs of our diverse community into account.

## Great Natural and Built Environment

We protect our enhanced, engaging community spaces, heritage, the natural environment and our biodiversity through well-planned and managed development.

We value our Council's quality decisionmaking, effective and innovative leadership, transparency, accountability, equity, integrity and wise stewardship of the community's assets and resources. We have an involved community and collaborate with others, valuing respectful debate and deliberation.

#### **Reflects Identities**

We value our precinct character and charm. Our neighbourhoods are family-friendly with a strong sense of place.

### **Easy to Get Around**

We strive for our City to be easy to get around by preferred mode of travel, whether by car, public transport, cycle or foot.

#### **Great for Business**

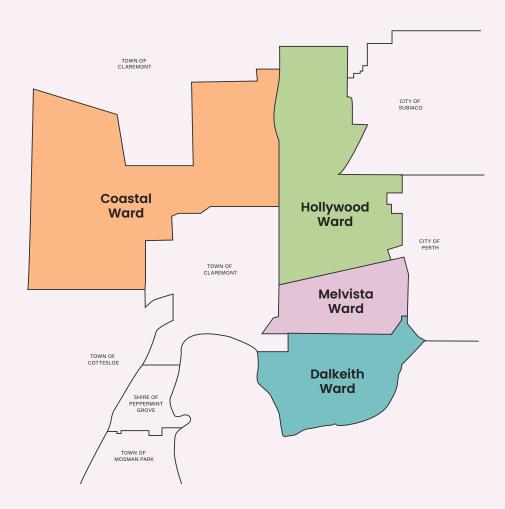

Our City has a strong economic base with renowned Centres of Excellence and is attractive to entrepreneurs and start-ups.

#### **Great Communities**

We enjoy places, events and facilities that bring people together. We are inclusive, connected and caring and we support volunteers. We are strong in culture, arts, sport and recreation. We have protected amenity, respect our history and have strong community leadership.

## **Our Council**

### **About Council and the Wards**

The City of Nedlands Council comprises of 12 Council Members and a Mayor.

Throughout the 2022-23 financial year three Council Members represented each of the four Wards:

- Coastal Ward
- Hollywood Ward
- Melvista Ward
- Dalkeith Ward

The Mayor is elected to represent the entire electorate.

### **Council Members**

## Local Government Elections and Resignations

An Extraordinary Election was held on 16 September 2022. Councillor Basson was elected to the Hollywood Ward. Councillor Basson resigned during the 2022-23 financial year.

### **Strategy and Governance**

#### Integrated Planning and Performance Framework

The City of Nedlands operates through an Integrated Planning and Reporting Framework. This framework provides local governments a mechanism for translating and resourcing the community vision and aspirations within the Strategic Community Plan, into the operational actions within the Corporate Business Plan, Service Plans and reporting progress on delivering these actions to the community.

This policy sets out the Council's decision-making process including meeting structures and cycle, to provide for better transparency, efficiency, participation and statutory compliance.

#### **Decision-Making**

The City of Nedlands Governance Framework Policy was adopted in December 2021, effective on 1 January 2022. This policy sets out the Council's decision-making process including meeting structures and cycle, to provide for better transparency, efficiency, participation and statutory compliance.

The policy's key objectives aim to ensure

- Council Members are engaged in the development of strategy and policy from initiation to adoption.
- Council Members are provided with accurate, relevant and timely information by the Chief Executive Officer (CEO) to inform quality decision-making.
- Community members can participate in the decision-making process and have access to information used to inform Council decision.

A copy of the Governance Framework, detailing the Council decision making process as shown on page 23, can be accessed on the City of Nedlands website.

#### **Council Decision Making Meeting Process**

T T

## First Tuesday of the month

#### Concept Forum

#### Closed to public

#### To discuss

- Complex matters
- Review and performance measurement of strategies
- Other matters supported by 3+ Cllrs

Agenda, briefing and discussion papers added to Cllr portal by COB Friday before 1st Tuesday of month.

2

#### Second Tuesday of the month

#### Agenda Forum

#### Open to public

6pm start

Opportunity for Council Members to ask questions and seek information on items to be considered at the forthcoming Ordinary Council Meeting

Members of the public may make presentations or ask questions on items contained within the agenda

Agenda added to Cllr portal and City's website by COB Thursday before Agenda forum.

3

## **Third Tuesday** of the month

#### Concept Forum

#### Closed to public

5.30pm - 7.30pm

#### To discuss

- · Complex matters
- Review and performance measurement of strategies
- Other matters supported by 3+ Cllrs

Agenda added to Cllr portal and City's website by COB Thursday before Agenda forum.

## Fourth Tuesday of the month

#### Ordinary Council Meeting

#### Open to public

6pm start

Council Members to consider items on the agenda comprising of officer's reports and recommendations

Members of the public may make presentations or ask questions on items contained within the agenda

Agenda added to Cllr portal and City's website by 2pm Friday before OCM

<sup>\*</sup> December OCM is held on 3rd Tuesday of month | No OCM in January | No OCM in October of ordinary election year

#### **Risk Management**

Risk management is an integral part of good management practice. It is also an essential element of sound corporate governance.

Strategic and operational risks such as those associated with health and safety, financial, customer, social/cultural heritage, reputation, environment, as well as legal and compliance are all considered by leadership when making decisions or providing services and projects to the community.

The City is committed to maturing the risk management function to enable more robust corporate planning, decision-making and continuous business improvement in corporate performance. To assist with embedding risk management principles within the organisation, the City has drafted a Council Risk Management Policy, and Risk Management Framework. It is expected that these will be brought to Council in the 2023-24 financial year.

#### **Audit**

#### **Internal Audit**

Internal Audit services at the City of Nedlands are provided by external consultant Moore Australia (WA) Pty Ltd, supplying an independent, objective review and advisory service to provide assurance that the City's financial and operational controls are operating in an efficient, effective and ethical manner.

#### Internal audits undertaken in 2022-23:

- Risk Management July 2022
- Review Effectiveness of Audit and Risk Committee August 2022
- Financial Management Review January 2023
- Audit Regulation 17 report January 2023
- Asset Management February 2023
- Conflict of Interest February 2023
- Workforce Management March 2023
- Post ERP Implementation June 2023
- Planning Approval Processes June 2023

Risk management is an integral part of good management practice.

The City has in place an Internal Audit Plan designed to ensure that the activities of an internal audit are focused on key risk areas that may impact the City. This plan meets emerging business requirements and provides assurance that business processes and existing controls are operating as intended.

#### **Audit and Risk Committee**

The Audit and Risk Committee's role is to oversee and monitor the effectiveness of Council in carrying out its responsibilities regarding risk management, internal control, legislative compliance, and internal and external audit reporting, in accordance with Part 7 of the Local Government Act 1995 and Regulation 16 of the Local Government (Audit) Regulations 1995.

The Audit and Risk Committee consists of six members, five Councillors including the Mayor and one independent member (vacant as at 30 June 2022). The nature of independence with regards to the independent member is a person with no operating responsibilities with the City.

## The Audit and Risk Committee met on seven occasions during 2022-23 financial year:

- 29 August 2022
- 17 October 2022
- 21 November 2022
- · 20 February 2023
- 7 March 2023
- 20 April 2023
- 22 May 2023

#### Matters considered by the Audit Committee during 2022-23 included:

- Nine Internal Audit Reports Moore Australia (WA) Pty Ltd (as listed above)
- Annual Financial Report Audit year ending 30 June 2022
- 2022 Compliance Audit Return
- External Audit Plan year ending 30 June 2023
- ERP One Council Project status
- · Audit Log reports

#### **External Audit**

The Office of the Auditor General (OAG) completed their Annual financial report for the year ending 30 June 2023, and they will issue the Audit Opinion in December 2023.

## **Our Organisation**

## About the City of Nedlands Organisation

The Chief Executive Officer (CEO) is responsible for the management of the City of Nedlands organisation. It is the CEO's role to provide overall strategic direction, leadership and coordination of day-to-day operations. Along with the Directors and staff, the CEO acts on Council decisions by developing and implementing the Council's resolutions.

## **Organisation Values**

Accountability	We conduct our business and all our services in an open, transparent and financially responsible manner.
Partnership	We work together for the benefits of the community.
Fairness	We provide consistent, fair and unbiased treatment for the whole the community.

## **Executive Management Team**

Supporting the CEO is the Executive Management Team (EMT) below:

#### Office of the Chief Executive

#### **Bill Parker**

**Chief Executive Officer** 

#### **Appointment**

- 2 August 2021 (appointed as interim CEO)
- 4 July 2022 (permanent appointment)

The Office of the Chief Executive develops and implements strategic plans that enable the organisation to deliver the community's vision and aspirations. It is responsible for Council Member liaison, Strategic Planning and Projects, Governance and Legal, Risk Management, Human Resources, Communications and Engagement. It is also responsible for Community Development and Community Service Centre services.

#### **Corporate Services Directorate**

#### **Michael Cole**

**Director Corporate Services** 

#### **Appointment**

14 March 2022 (permanent appointment)

The Corporate Services Directorate is responsible for all corporate matters and provides services to internal teams. This includes General Financial Services, Land and Property, Information, Communication and Technology (ICT) Services as well as Information and Record Management. It is also responsible for Customer Services, which facilitates both internal and external community interactions.

#### Planning and Development Directorate

#### **Tony Free**

Director Planning and Development

#### **Appointment**

19 January 2021 (appointed as interim director) 20 January 2022 (permanent appointment)

The Planning and Development Directorate performs research and creates the plans required to deliver a liveable, prosperous, sustainable city. It is responsible for Strategic and Statutory Planning, Building Services and Environmental Health, Environmental Conservation, Sustainability and Ranger Services.

**Technical Services Directorate** 

#### **Matthew Macpherson**

Director Technical Services

#### **Appointment**

3 January 2023 (permanent appointment)

The Technical Services Directorate designs, constructs, manages and maintains infrastructure, buildings, fleet assets and the City of Nedlands' public spaces. It is responsible for City Projects, Civil Maintenance, Building Maintenance, Asset Management, Transport and Development, Fleet Management, Parks Maintenance and Arboriculture.

#### **Andrew Melville**

(Acting) Director Technical Services
5 July 2021 - 2 October 2022

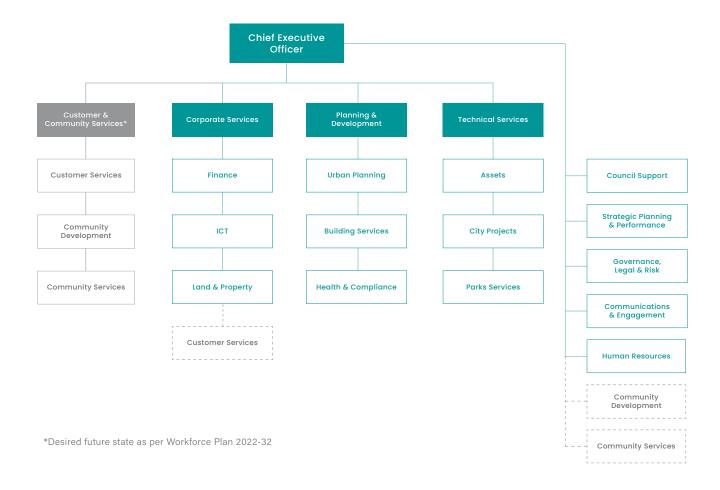

#### **Daniel Kennedy-Stiff**

(Acting) Director Technical Service

3 October 2022 - 2 January 2023

## **Organisational Structure**

Detailed below is the Organisational Structure by Directorate and Business Units.

In June 2022, the City of Nedlands introduced a Service Planning approach into the Integrated Planning and Performance Framework. This further breaks down the Organisational Structure into 3 layers – Directorate – Business Unit – Service Area. It is at the Service Area level in which this Annual Report details the City of Nedlands annual performance (see section 'Delivering to our Community').

#### **Workforce**

## **Employee Numbers**

The total number of employees on the payroll system as of 3 June 2023 was:

## Full Time Equivalent (FTE)

Establishment (BUDGETED FTE) 169

### **Headcount**

Full Time employees 28 Part Time employees 27 Casual employees

## Employee Demographics (%)

Male employees <b>45%</b>
Male employees in management <b>73%</b>
Employees with disability 2%

Employees from culturally diverse backgrounds

22%

## Employees by age (%)

Under 25	4%
25-34	32%
35-44	24%
45-54	23%
55-64	13%
65 and over	4%

Please note: Percentages above are rounded up.

## Delivering to our community

## **Strategic Pillars**

In this Annual Report, Service Area Performance is reported by the strategic pillars – People, Planet, Place, Prosperity and Performance - which provide the foundation of the Strategic Community Plan.

A summary is provided below (by Business Unit and Service Area) to help with understanding this strategic grouping approach.

### **People**

## Service Area Performance

The sections on the following pages detail the City of Nedlands performance delivering services and projects to the community in the 2022-23 reporting period.

#### **KEY FACTS**

**32,000+** calls answered by Customer Service staff

**21,000+** customer requests resolved by Customer Service staff

**7000+** venue bookings serviced

**57** children attend Point Resolution Childcare Centre

**55** City of Nedlands residents welcomed as Australian Citizens

Nedlands Community Care's oldest client was **102** in January 2023 and still living at home and enjoying the services

The Affinity Club had **286** members as of June 2023

**143** volunteers gave their valued time and skills to assist the City of Nedlands

**7,269** hours were contributed by volunteers working in council- provided services

# CITY OF NEDLANDS COMMUNITY SERVICES

The City of Nedlands takes pride in its commitment to providing essential services and facilities to our community. Our Community Service Centres, encompassing Nedlands Community Care, Nedlands and Mt Claremont libraries, the Positive Ageing Program, and Point Resolution Childcare, have consistently garnered high levels of satisfaction from our service users.

#### **Library Services Excellence**

In the MARKYT® Community Scorecard 2023 the standout performer was our library services, with overwhelming positive feedback from our community. With libraries in both Mt Claremont and Nedlands, we offer double the opportunity for our residents to access the extensive resources libraries provide. This not only enriches lives but also fosters a culture of continuous learning and literacy within our community.

# Enhanced Support for Families and Children

One of the most significant achievements in the past year was our services and facilities for children and families, which have seen remarkable improvements.

Our Point Resolution Childcare service has played a pivotal role in this success. This service's commitment to providing a safe and nurturing environment for children has been recognised and appreciated by our community, making it an invaluable resource for our families.

## **Empowering Our Seniors**

Nedlands Community Care has been instrumental in supporting our senior residents. Through in-home assistance and a wide range of engaging activities at the Waratah Club centre, we have ensured that our elderly community members receive the care and social interaction they need. The excursions facilitated by the Nedlands Community Care buses are a lifeline for many Waratah Club members, offering them vital opportunities for social engagement.

The City of Nedlands remains dedicated to enhancing the quality of life for our residents. We are committed to providing services and facilities that not only meet the needs of our community but also strive for excellence and continuous improvement. Our focus on libraries, family support, and senior care is a testament to our commitment to creating a vibrant, inclusive, and supportive community.

# **Community Services**

#### **Childcare Services**

- Point Resolution Childcare Centre (PRCC) achieved a 100% satisfaction rate in the annual parent survey.
- In a collaborative partnership with Bunnings, the children at the centre designed three garden beds which were then created with the assistance of a Bunnings community team. To reflect the children's awareness, knowledge and understanding of the Aboriginal and Torres Strait Islander perspectives, Bush Tucker plants were also planted in the garden.
- PRCC's Food Safety Program was rated as 'Exceeding' program expectations.
- PRCC worked alongside St Hildas's and Methodist Ladies College to assist students in completing required community service/work experience hours.
- An incursion was provided at the Centre through the Association for the Welfare of Children in Hospital WA Branch program. The Hospital Inclusion Program is designed to prepare young healthy children for possible hospitalisation or visits to the doctor or dentist.
- There were seven special events at the Centre where family members were able to attend.

#### **Positive Ageing**

- Seniors participating in the Positive Ageing Program created 88 Trauma Teddies for the Red Cross.
- The Waratah Walkers seniors walking group celebrated 14 years of walking.
- The Positive Ageing Team worked with exercise professionals at UWA to provide workshops encouraging seniors to exercise and improve their health.
- 18 different weekly activities were available for people aged 55+.
- 6 information sessions were held with a 95% average satisfaction rating.

#### **Nedlands Community Care**

- Nedlands Community Care provided home care services to 220 clients within the City of Nedlands.
- The Waratah Club participated with our senior clients to visit surrounding Perth areas to prevent social isolation.

# **EXPRESSING GRATITUDE**

# A Tribute to Nedlands Community Care

For over four decades, the City of Nedlands has been unwavering in its mission to support our senior community members in the pursuit of independent living. Located at 97 Waratah Avenue, Dalkeith, Nedlands Community Care has been a beacon of hope and assistance to countless seniors since 1982. Despite evolving operational landscapes and changes in government funding over the years, our commitment to enabling our seniors to age in place, within the comfort of their homes, has remained steadfast.

Over the years, NCC, as it has been affectionately known, has extended vital support to eligible seniors through the Commonwealth Home Support Program (CHSP). This program has been the cornerstone of our efforts to enhance the lives of our cherished senior citizens.

In a significant decision taken at the Council Meeting in February 2023, after careful consideration, the Council has resolved to discontinue the provision of Federal Government-funded CHSP services at NCC, effective from 31 December 2023. While this decision marks the end of an era, it also signifies a new beginning.

The commitment of the City of Nedlands to serve and support our seniors remains as strong as ever. With a deep-rooted belief in the importance of providing holistic care and opportunities for engagement, the Council has unanimously endorsed the expansion of the Positive Ageing Program. This expansion is aimed at delivering an array of services and activities tailored to keep our seniors active, engaged, and connected.

The Positive Ageing Program's expansion represents our continued dedication to the well-being of our senior community members. While NCC as we know it will undergo a transformation, our promise to empower our seniors and enhance their quality of life remains unwavering. We are excited to embark on this new journey, fostering an environment where our seniors can thrive and remain an integral part of our vibrant community.

The City of Nedlands extends its heartfelt gratitude to NCC for its long-standing service and its invaluable contributions to our seniors' well-being. We look forward to embracing the future with renewed enthusiasm and a commitment to the positive ageing of our cherished seniors.

# **CELEBRATING PUBLIC ART**

# "Safe Guard" by Denise Pepper and Matthew McVeigh

The City of Nedlands proudly introduced the public artwork, "Safe Guard," situated in Dot Bennett Park. This striking creation stands as a heartfelt tribute to the unwavering dedication of frontline health workers who valiantly safeguarded our community during the challenging times of the COVID-19 pandemic. "Safe Guard" is the collaborative masterpiece of esteemed Western Australian artists, Denise Pepper and Matthew McVeigh.

Strategically positioned in close proximity to the health precinct, "Safe Guard" serves as a beacon of gratitude and recognition for those who stood on the front lines

During the evening hours, "Safe Guard" comes to life with internal lighting that illuminates the artwork, casting a warm and inviting glow over the surroundings.

Initiated by the City's Public Art Committee, "Safe Guard" stands as a testament to the City's commitment to the arts and to commemorating the resilience and dedication of our frontline heroes. It marks the 19<sup>th</sup> addition to the City's ever-growing public art collection.

#### Artist's statement

In the words of the artists, "Safe Guard" is an embodiment of gratitude and respect for frontline health workers. Health workers risk their lives, while helping to save the lives of others, but too often this dedication goes unrecognised. At this poignant time in history their contribution has been more dedicated and more recognisable.

Safe Guard Public Artwork at Dot Bennett Park February 2023.

# **Community Development**

#### **Community Development**

- On 20 February 2023, the City launched the commissioned artwork 'Safe Guard', a tribute to Health Workers.
- 3 Citizenship Ceremonies were held in October 2022 and January and May 2023. 55 people attended in total and received their citizenship.

# **Community Programs and Events**

- A Remembrance Day Ceremony was held in partnership with the Nedlands RSL Sub-Branch on 11 November 2022 at the Perth War Cemetery. 300 community members attended.
- Summer Concerts were held across February 2023 at Lawler Park, Mason Gardens,
   Allen Park and Dot Bennett Park. 2,000 community members attended.
- 350 community members attended the 2023 Anzac Day Ceremony. This event was a partnership with the Nedlands RSL Sub-Branch.

# **Sport and Recreation**

 The City of Nedlands boasts seven sporting complexes hosting a diverse range of 23 sporting codes. These facilities serve as vibrant hubs for the community, offering widespread access to various sporting activities.

• 3 cricket clubs

• 3 tennis clubs

1 lifesaving club

• 2 rugby clubs

• 2 yacht clubs

1 futsal court

• 3 AFL clubs

· 2 golf courses

1 sand volleyball

• 2 hockey clubs

• 2 bowls clubs

• 2 soccer clubs

• 1 croquet club

Facilities are also used for archery, gridiron and ultimate frisbee.

 The City of Nedlands proudly boasts the western suburbs' most extensive sporting infrastructure. Providing the community with access to sport fosters community engagement, and promotes health and well-being across all ages and abilities, serving as the bedrock of our community's vitality.

#### **Volunteer Services**

- The City's Volunteer Service has continued to attract and retain excellent volunteers.
- Each volunteer generously contributes over 4 hours per month, resulting in a staggering total of more than 7,269 volunteer hours.
- Volunteers have been integral enabling the City to extend and enhance its services beyond those provided by staff.
- The City's Volunteer Service was successful in attaining a National Volunteer Week
  Grant 2023 from Volunteering WA and funded by Lotterywest. The grant was used
  to provide a small gift of appreciation to each volunteer. A letter of recognition from
  the Mayor and Chief Executive Officer was also given to the volunteers.
- The City hosted an Annual Volunteer Appreciation celebration. All volunteers who
  contributed throughout the year were invited to the celebration, which involved
  formal thankyou speeches from the Mayor and Chief Executive Officer.

#### **Youth Development**

 FlipShore was held in March 2023 at Paul Hasluck Reserve. This was a new event that attracted keen skateboarders and BMX riders across the City to partake in a skateboarding and BMX workshop.
 100 community members attended.

- The Youth Grants program supports
  the YouthCare Chaplaincy services, and
  individuals seeking funding to attend
  local, national and international programs
  in the areas of sport and community.
- The City supported Nedlands and Hollywood Primary Schools Swimming Pools through its pool subsidy program, allowing the wider community to access the school's facility.
- The Emerge: Youth Art Awards 2022 showcased a record-breaking number of young artists aged 12-25 years. There were 126 entries of outstanding paintings, prints, photography and sculptures, with the winners sharing a \$2,250 prize pool.

# CELEBRATING OUR INVALUABLE VOLUNTEERS

Our volunteers are the heartbeat of our community, and their dedication is nothing short of exceptional. They play a pivotal role in extending and enriching the services provided by our staff. On average, each volunteer generously contributed over 4 hours per month, resulting in a staggering total of more than 7.269 volunteer hours.

The Australian Bureau of Statistics, in their 2020-21 report, values the work of an average volunteer at \$46.62 per hour. This highlights the incredible impact our volunteers have on our community. In the 2022-23 financial year, the 7,269 hours of volunteering within Council-provided services equate to a donated benefit of over \$338,880 to the City. This financial value underscores the significant contribution our volunteers make, not only to our organisation but to the broader community as well.

Beyond the economic aspect, our Volunteer Service program provides numerous benefits to our dedicated volunteers themselves. In our 2023 Volunteers Annual Satisfaction Survey, our volunteers expressed their high regard for the following benefits:

- building new friendships
- enhancing community connections
- meeting community needs
- gaining valuable experience, and
- boosting self-confidence

We extend our heartfelt gratitude to every one of our dedicated volunteers for their unwavering commitment, their investment of time and energy, and their tireless efforts.

#### **KEY FACTS**

The City has **25,000** trees in streets, parks and reserves

The City's public realm trees store approximately **4000** tons of carbon

**10,568** tonnes of domestic waste collected

**4,000** plants sold in the Annual Native Plant Subsidy Scheme

Planted approximately **17,000** local provenance seedlings across bushland and greenways

Managed approximately **63** hectares of bushland for biodiversity conservation

431 health inspections conducted

20 new food businesses registered

Waste diverted from landfill:

- 2,148 tonnes of recyclables
- 4,023 tonnes of FOGO waste
- 19 tonnes of household Hazardous waste
- 13 tonnes of e-waste and mattresses

# **Health and Compliance**

#### **Environmental Health**

- Protected community from environmental health related illnesses and diseases through ongoing compliance inspections.
- Continued to lead Western Suburbs Regional Organisation of Councils local governments on coordinated mosquito management including monitoring and public messaging.
- Proactively ensured asbestos compliance and collaborated with WorkSafe to address non-compliance concerns raised from local residents.

# **Environment Conservation and Sustainability**

- Worked in collaboration with Hollywood Primary School on its Bush School Program, improving students' local knowledge of culture and the environment.
- Worked in collaboration with Dalkeith Primary School for Schools Tree Day at Point Resolution Reserve.
- Provided erosion control at Mt Claremont Oval Bushland and Allen Park.
- Successful completion of the development of a rehabilitation concept plan for a greenway development project at foreshore Reserve 28307 in Dalkeith.
- The City of Nedlands became a signatory to the United Nations Sustainable Development Goals on 27 September 2022.
- 17,000 local provenance seedlings were planted across bushland and greenways to help protect and enhance the natural environment.

## SUSTAINABLE DEVELOPMENT GOALS

#### 

Sustainability is at the forefront of the City of Nedlands' operations.

At its meeting held on 27 September 2022, the Council approved the City to become a signatory to the United Nations Sustainable Development Goals. This means that the City of Nedlands has committed to implementing the Sustainable Development Goal's aspirational (strategic) intent locally by:

- Strategic integration with the Integrated Planning and Reporting Framework
- Proactive communications of the City of Nedlands' commitment to sustainability and delivering of sustainable development outcomes, and
- Continuous improvement and maturation of the City of Nedlands Corporate Reporting Framework to include and enhance localised sustainability targets, indicators and reporting.

# What are the Sustainable Development Goals?

At a historical United Nations (UN) Summit held in 2015, world leaders adopted the 17 Sustainable Development Goals, which form a universal sustainability framework within the 2030 Agenda for Sustainable Development. These goals officially came into force globally on 1 January 2016. The aspirational focus of the Sustainable Development Goals is to provide a holistic approach to creating a sustainable future for our planet, communities, families, and economies. This includes eradicating absolute poverty, achieving economic growth, meeting social needs (such as education, health, social protection, and job opportunities), and addressing climate change and environmental protection issues.

#### What are they important?

The City of Nedlands is committed to assisting in providing a sustainable future for its community. The Sustainable Development Goals aspirational (strategic) intent is being integrated into the Integrated Planning and Reporting Framework which includes the major review of the Strategic Community Plan and Corporate Business Plan and development of the Council Plan. From ensuring financial sustainability of the services and projects delivered to the community, to environmental sustainability, protecting and nurturing the natural environment, greening the City and being proactive with environmentally friendly waste management practices, sustainability is at the forefront of the operations.

# **Park Services**

#### **Arboriculture**

- Planted 545 new street trees, resulting in a net increase of 396 trees.
- Reviewed the approved species list to remove trees at a heightened risk of Polyphagous Shot Hole Borer infestation.
- Continued the maintenance of the 25,000 public realm trees.
- The City's canopy coverage is currently estimated at 20%.
- 46% of the City's total urban forest canopy is in the public realm, in only 36% of the area.

# GREENING THE CITY AND PROTECTING THE NATURAL ENVIRONMENT

A key element of the City's efforts to support and protect the natural environment is tree planting and environmental conservation programs.

An established tree canopy in the urban environment provides proven economic, environmental, psychological and physical benefits and is one of the most economic and effective methods by which local governments can address climate change adaptation and mitigation.

In the 2022-23 financial year, the City planted 545 new street trees, resulting in a net increase of 396 public realm trees. Additionally, the City planted 17,000 local provenance seedlings in its environmental conservation reserves across bushland and greenways to help protect and enhance the natural environment.

5,300 local provenance species were planted along Swanbourne's coastline to increase habitat and improve ecological corridors. This significant project was made possible thanks to grant funding and a partnership with the Swanbourne Coastal Alliance.

Revegetation and landscaping works were carried out in the Marlow area, including the replacement of roses across four beds at the Peace Memorial Rose Garden. These efforts are part of the City's ongoing winter planting maintenance program, ensuring the continued healthy condition of landscaping throughout the City.

The City's focus on the Urban Forest and Environmental Conservation Reserves over the last 10 years has led to the City of Nedlands currently having one of the highest urban canopy in Perth, standing at 20% based on 2020 figures. As a comparison the less successful Perth metropolitan suburbs have less than 10% canopy cover.

The City continued to work closely with the Department of Primary Industries and Regional Development (DPIRD) to manage the Polyphagous Shot Hole Borer (PSHB) infestation. This involved a number of tree removals and treatments in both the private and public realm. The approved street tree species list was reviewed and updated in line with recommendations from DPIRD subject matter experts to remove species most at risk of PSHB, ensuring future resilience of the City's trees to this damaging pest.

The City successfully achieved the 2018-23 Urban Forest Strategy target of a 10% increase in potential urban canopy in the public realm. This accomplishment was made despite the impacts of the COVID-19 pandemic and the substantial loss of trees due to the PSHB outbreak, and it stands as a testament to the ongoing support of Council, community and the dedication of City staff.

'Streetscape, trees and verges' were identified as strengths and continued priorities in the MARKYT° Community Scorecard 2023. Growing and supporting the urban forest remains a key strategic focus for the City. The City is currently preparing to review the Urban Forest Strategy, with a major update proposed for the 2023-24 financial year. The new strategy will emphasise finding ways to encourage the support and growth of the Council, the community, and the dedication of City staff.

#### Valuing and protecting mature trees

The Council has proposed significant changes to the local planning framework aimed at conserving established trees. Upon approval by the Western Australian Planning Commission, landowners will need to seek permission before removing trees on private land which will contribute to the preservation of the urban tree canopy.

#### **Assets**

#### **Waste Services**

- Successful implementation of the Food Organics, Garden Organics (FOGO)
  kerbside 3- bin collection has achieved a diversion rate of over 64%, a remarkable
  improvement from the previous rate of 48-49% prior to its implementation.
- More than 80% of residents are using the standard bin service (120L rubbish bin), contributing to reduced waste generation.
- The City's overall waste generation decreased by 7% compared to the previous year, totalling 11,333 tonnes.
- The City is a recognised leader in waste management and source separation within the state, with an impressive track record of achieving a high diversion rate, offering competitive waste charges, and consistently attaining high levels of customer satisfaction.
- The waste team delivered a Waste Education Program for students at local primary schools.
- The City diverted 1,200 tonnes of concrete and 5,500 tonnes of asphalt from landfill by re-using these materials in other roadworks and maintenance projects.

# SUSTAINABLE WASTE MANAGEMENT

The City aims to achieve the State Government's target of diverting 65% of waste from landfill by 2030.

In November 2022, The City of Nedlands proudly launched its Food Organics Garden Organics Program (FOGO). Over 8,000 households enthusiastically embraced the program, showing their commitment to reducing landfill and championing sustainability.

The communication and engagement campaign included activations at key community events, such as the Mt Claremont Markets and the City's Summer Concert Series. Social media and local press were used to create broader awareness.

The high adoption rate within the first six months made Nedlands one of the leaders in the state. The City of Nedlands is proud of this sustainability milestone and thank our community members for their wholehearted participation.

The FOGO program has been highly successful in achieving multiple positive outcomes. It has not only had a substantial impact on environmental sustainability by diverting on average 150 tonnes of food waste per month from landfill, sustainability but has also fostered community engagement and brought economic advantages to the state.

The volume of the recycling bin has increased due to improved source separation, thereby reducing the contents of the waste bin, which is collected fortnightly.

The high material recovery rate of 64% is evidence that residents have adapted well to the three-bin FOGO service.

Our approach is to implement effective environmental management practices that consider the most cost-effective outcomes for ratepayers while also diverting the maximum percentage of waste away from landfill.

It has not only had a substantial impact on environmental sustainability by diverting on average 150 tonnes of food waste per month from landfill, sustainability but has also fostered community engagement and brought economic advantages to the state.

unity Information

# Give it a FOGO

# **Recyclables**

- ✓ Aluminium, steel cans
- Glass bottles & jars
- ✓ Plastic bottles & containers
- Cardboard (flattened)

#### **KEY FACTS**

Replaced approximately **5,500** tons of asphalt road surfaces

Over **100** Traffic Management Plans were reviewed, authorised, and implemented

Over **60** Vehicle Crossover approvals reviewed and approved

The City has **69** parks including over 25 Hectares of active sports fields

The City used **671,928** Kilolitres of irrigation groundwater over the year (6.9% below budget)

**386** monthly horticultural maintenance programs were completed across the City's Parks Reserves and public realm

**199** new dwellings approved in the City, with 134 of these located within "infill" areas

**36** reviews of larger proposals undertaken by the City's Design Review Panel

442 building applications granted

**1,126** pool inspections conducted

Issued 4,144 infringement notices

# **Urban Planning**

# Urban Planning – Strategic

- Council adopted the Stirling Highway Strategy and associated scheme amendment in May 2023.
- Council adopted the Precinct Local Planning Policies for Broadway and, Hollywood/Hampden in March 2023 and the residential areas behind the Stirling Highway corridor in April 2023.
- Detailed work was undertaken on development of the Public Open Space Strategy.
- Scheme Amendment 13 was initiated, focusing on height, vehicle access, trees and overshadowing for properties fronting Stirling Highway.

# **Urban Planning – Statutory**

- Reviewed the City's Design Review Panel process.
   This helped improve the quality of proposals submitted.
- Implemented new setback and other deemed-to-comply and acceptable outcome requirements in the Broadway, Stirling Highway and Hollywood / Hampden infill areas.

# **Building Services**

#### **Building Services**

- · All building applications were issued within statutory timeframes.
- 56% of properties inspected for pool compliance were compliant at first visit.
- 241 verge use permits were granted and tracked.
- Shared services collaboratively provided pool inspection programs for the Town of Claremont and Shire of Peppermint Grove, conducting 394 pool compliance inspections.
- Shared services collaboratively provided building application assessment for the Shire of Peppermint Grove, Town of Cottesloe, Shire of Waroona and the Shire of Boddington, assessing 235 building applications.

# **Health and Compliance**

#### **Ranger Services**

- Implemented licence plate recognition technology.
- Unplanned bushfires occurred at Shenton Bushland on 26 February and 5
  May 2023. The City's Environmental Health, Environmental Conservation and
  Ranger Services worked closely with the Department of Fire and Emergency
  Services (DFES) ensuring public safety and usability of the bushland.
- 3,026 dogs and 777 cats were registered with the City.
- Investigated 13 alleged dog attack incidents.
- 270 infringement notice appeals received and reviewed.

#### **Assets**

#### **Asset Management**

- Council accepted the City's first Asset Management Plans for buildings, drainage, footpaths, parks, and roads, which provided greater understanding of the City's financial position and are informing the City's new Long-Term Financial Plan.
- \$1,079,590 grant funding secured for City roads and infrastructure.
- Completed revaluation on City infrastructure (roads, footpaths, drainage) and public open space assets.
- Ongoing asset management provided, of City's public infrastructure.

# **City of Nedlands Assets**

The City maintains an approximately \$500 million diverse assets portfolio including, but not limited to, buildings, drainage, public open spaces, paths, and roads.

#### **City Buildings**

(incl. leased buildings)

95 Buildings

#### **Urban Trees**

24,225 trees

#### **Car Parks**

33 off-street car parks

#### **Drainage**

• Pits: 4,724 pits

• Pipes: 71.5km

#### **Roads**

- Network: 155km
- Laneways: 13.5km (Top surface and unsealed components)

#### **Footpath Networks**

155.37km (total)

- Footpaths: 144.02km
- Shared Paths: 11.35km

#### **Parks**

- Recreation: 211.17Ha
- Natural Areas: 31.72Ha
- Playgrounds: 38
- BBQ: 19

# **Transport and Development**

- The City successfully secured:
  - \$300,000 in Federal Government funding to address the crash history along Vincent Street in Dalkeith.
  - Support from Main Roads WA to implement a 40km/h speed zone for the Waratah Avenue shopping precinct between Alexander Road and Adelma Road.
  - Support from Main Roads WA to implement a 40km/h area speed zone for the new Montario Quarter development in Shenton Park.
- Completed all community engagement for the Integrated Transport Strategy and prepared final report for Council endorsement.

# MAJOR PROJECTS COMPLETED IN 2022-23

Smyth Road rehabilitation

\$2.29 million

Swanbourne Surf Club \$2.54 million

Nedlands Infant Health Centre Roof Renewal

\$137,280

Drainage upgrade works at various locations

\$299,459

Draft Foreshore Management Plan 75% complete with expected completion in February 2024.

# **City Projects and Programs**

#### **City Projects**

- Reduced capital works construction time frames from 20 to 8 days per 100 metres.
- Recycled approximately 2,640 tonnes of concrete.
- Successfully delivered the Swanbourne Nedlands Surf Club renovation and extension – improving female change rooms and increasing Club participation.
- Recycled approximately 3,000 tonnes of asphalt.

#### **Civil Maintenance**

- Upgraded 14 crossovers to prevent stormwater on roads from entering private properties and replaced 16 grated lids with combination lids and installed 17 additional soak wells at strategic locations to mitigate flood risks.
- Ongoing flood mitigation works have resulted in a reduction of flooding instances across the City.
- Received high levels of positive customer feedback.

# **Building Maintenance**

- Ensured the City's Building portfolio was maintained to a high standard at all times.
- Responded to 900 internal building maintenance requests throughout the year.
- Received a consistently excellent level of positive feedback on the services delivered.

# SUCCESSFUL COMPLETION OF SWANBOURNE NEDLANDS SURF CLUB FACILITY UPGRADE

The substantial upgrade and extension of the Swanbourne Nedlands Surf Club facilities, valued at \$2.6 million, was successfully completed. This project included the establishment of dedicated change room and toilet facilities for females, the creation of a new storage area, and the development of a modern gym and training facility.

This was made possible through generous support and funding contributions from various key stakeholders, including Lotterywest, the State and Federal governments and the Swanbourne Nedlands Surf Life Saving Club. This collaborative effort was instrumental in its success.

The improvements to the Surf Club facilities have had a profound impact, benefiting all members. These enhancements allow the Surf Club to continue to provide a vital community service, exemplifying the commitment of the City of Nedlands to the well-being of its residents.

Mayor Argyle, Dr Katrina Stratton MLA and Surf Club President Kate Hutchinson

#### **Parks Services**

#### **Parks Maintenance**

- Proactive management of irrigation demands allowed the City to maintain groundwater consumption at 49,622 kilolitres below allocation.
- A review of service provision and staffing levels under the Workforce Plan resulted in an 21% reduction in maintenance programs to provide economic savings.
- Revegetation and landscaping of the Marlows, and replacement roses for 4 beds at the Peace Memorial Rose Garden.
- Renovation of over 25 hectares of active playing fields undertaken in the two weeks available for sports club changeover periods.

#### **KEY FACTS**

**79,073** visits to libraries

**332,476** library transactions (issues, renewals, returns and reservations)

13,878 family history database searches

**2,432** hours of public PC usage within the libraries

56,811 eAudiobook circulations

32,168 eBook circulations

**1,515** eMovies streamed

**3,500** people in the community attended courses at Tresillian Arts Centre

**9** Art Exhibitions showcasing 132 established andemerging WA artists

**60** agreements managed by the City:

- 13 commercial
- 5 residential
- 12 management licences, and
- 30 community/sporting groups leases

**75** parcels of land owned in freehold and used for civic purposes

# **Community Services**

#### **Library Services**

- 958 new library members registered.
- · Bookclub sets borrowed 166 times.
- 6,075 attendees at 778 events at the libraries.
- 24,400 enquiries answered at the libraries.
- Demand for digital services increased by 13% in the use of eAudiobooks, eBooks, eMagazines and eMovies.
- There was an increase in the usage of the public PCs by 263 hours.

# **Community Development**

#### **Tresillian Art Centre**

- The Tresillian Arts Centre received:
  - 94% customer satisfaction rate.
  - 20% increase in social media following.
  - 20% increase in art sales.
- 270 term-based courses in art, language, craft and wellbeing were delivered, a total of 2,200 classes.
- 65 school holiday workshops for children, aged 5 -16 years were held as part of the Tresillian Arts Centre School Holiday Program. There was a 30% increase in attendance in the program from last year, which provided the opportunity for 500 young adults to learn a new skill from a professional artist.
- 7 artist studios leased to professional artists and 1 studio leased to an arts collective.
- New café operator opened Tyrell's Café in May 2023.

# TRESILLIAN ARTS CENTRE

The Tresillian Arts Centre program of courses continues to grow to meet community demand, with more courses offered in ceramics and children and youth arts.

The centre welcomed 14 new West Australian artists for group and solo exhibitions in 2022-23. These new artists benefited from the opportunity to exhibit new bodies of work and engage with a new audience. Attendance at the exhibition opening events and artwork sales increased by 25% and 20%, respectively, from the previous year.

The centre celebrated International Women's Day on 8 March 2023, with a lecture delivered by Emeritus Professor Richard Read on the significant Australian artist Clarice Beckett. Professor Read continues to delight the community with his extensive knowledge of art history and social commentary, delivering lectures each term on relevant artists and arts movements.

# **Land and Property**

# **Land and Property**

- Review of the Use of Council Facilities for Community Purposes policy completed.
- New leases for ADHD WA, St John Ambulance Event Training and Leo Heney established.
- Review of facility utilisation completed.
- Review of the Land Assets Strategy commenced.

Total operating revenue 2022-23 - **\$40,374,761** 

Total rateable properties 2022-23 - **9,204** properties

Total rates income 2022-23 - **\$25,639,183** 

**2500+** Information Technology support requests serviced

Circa 180,000 records classified

**76** community members participated in the FUTYR® Community Workshops, assisting in the development of the City of Nedlands new Council Plan

The City's Fleet consists of:

- 11 trucks
- 18 utilities
- 2 tractors
- 3 loaders
- 2 out front mowers, and
- 29 cars and buses.

**1,686** community members participated in the MARKYT® Community Scorecard

#### KEY ACHIEVEMENTS

# Governance, Legal and Risk / Council Support

# Governance and Risk / Members of Council

- Completion of the mandated Ward and Representation Review in February 2023. As part
  of the State Government's reform package for local government, all local governments
  in 2022 were required to consider their Ward and Representation structures. Impacted
  local governments were required to reduce Councillor representation numbers in
  response to proposed amendments to the Local Government Act 1995 (s. 2.17A)
  that would set maximum limits on Councillor numbers based on the population of
  a district. At its 13 February 2023 Special Council meeting, Council resolved to:
  - Retain its ward structure.
  - Amend its ward boundary between the Hollywood and Coastal Ward to ensure representational equity (elector to councillor ratio) across the wards within the district. This meant that residents in the area bounded by Camelia Avenue to the North, Lantana Avenue to the West, Brockway Road to the East and Alfred Road to the South, (formerly in the Coastal Ward) were now electors in the Hollywood Ward.
  - The Coastal Districts Ward was renamed Coastal Ward.
  - The number of Councillors was reduced from 12 to 8 effective at the 2023 Ordinary Local Government elections.
  - The number of Council offices per ward was reduced from 3 to 2, effective at the 2023 Ordinary Local Government Elections.
- On 30 June 2023, the Local Government (Nedlands Change to Wards) Order 2023 was published in the Government Gazette (GG 20 June 2023 p 2,425 2,427).

# Strategic Planning and Performance

#### **Strategic Planning and Projects**

- Significant progress made with the continuous enhancement of the City's Integrated Planning Framework including:
  - Commencement of major review of the Strategic Community Plan and Corporate Business Plan.
  - Development and Council adoption of Informing Strategies and Plans including the Long-Term Financial Plan (February 2023) and Asset Management Plans (March 2023), which are integrated with the Annual Budget, Workforce Plan and Service Plans.
  - Annual Service Planning successfully administered.
- Conducted the MARKYT® Community Scorecard 2023 in March and April 2023, as part of the major review of the Strategic Community Plan and Corporate Business Plan. The last time the community was surveyed was in 2016 with only 435 community members participating. In 2023, 1,686 community members responded and 91,364-word count of ideas and suggestions were received.
- The MARKYT® Community Scorecard 2023 provided an opportunity to identify contemporary community priorities, information which is being used to inform the development of City of Nedlands new Council Plan (the updated and combined Strategic Community Plan and Corporate Business Plan) due to be finalised in late 2023. The Council Plan, which will supersede the City of Nedlands Strategic Community Plan 2018, will shape the delivery of services and projects to the community.
- Top 5 community priorities identified in the MARKYT® Community Scorecard 2023:
  - Responsible Growth and Development
  - Planning and Building Approvals
  - Streetscape, Trees and Verges
  - Activation of Town Centres / Local Shopping Areas
  - Sustainable Practices / Climate Change

# INTEGRATED PLANNING AND REPORTING FRAMEWORK

The Integrated Planning and Reporting Framework provides the foundation for the City's operations, assisting the City with the translation of the community's priorities into financially sustainable services and projects.

Throughout 2022-23 the City prioritised continuous improvement and maturation of the Integrated Planning and Reporting Framework, building upon the work that began in 2021-22 prompted by an Organisational Review (June 2022). The Organisational Review identified the majority of the City's Integrated Planning and Reporting Framework components were either outdated or non-existent, flagging non-compliance with the Local Government Act 1995 requirements.

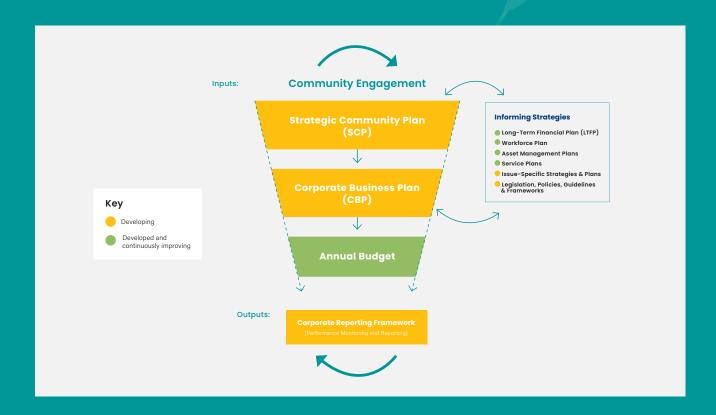

In 2021-22, the City developed and began implementing its first Workforce

Plan and a Service Planning approach. Simultaneously, significant progress was made in developing Asset Management Plans and the Long-Term Financial Plan.

In 2022-23, these plans were finalised and adopted by Council. In December 2022, the City then commenced a major review of the Strategic Community Plan and Corporate Business Plan.

The below infographic shows the status of the Integrated Planning and Reporting Framework at the end of the 2022-23 reporting period.

The City is committed to continue its improvement journey with the Integrated Planning and Reporting Framework in 2024-24 to ensure best practice and sustainable delivery of services and projects to the community.

# **DEVELOPING THE COUNCIL PLAN**

In December 2022, the City appointed CATALYSE® to assist with facilitating a major review of the Strategic Community Plan and Corporate Business Plan. This process included extensive community consultation to identify and test contemporary community priorities, and development of the City's new Council Plan, a combined Strategic Community Plan and Corporate Business Plan, fully integrated with newly developed Integrated Planning and Reporting Framework.

Between December 2022 and February 2023, a desktop review of the City's Integrated Planning and Reporting Framework and other key documents and studies was conducted to form the basis of the Council Plan. Further development was made through extensive community consultation processes including the MARKYT® Community Scorecard in March and April 2023, and Community Workshops with Council, the Administration and community members in June 2023.

The Draft Council Plan is planned to be available for final community feedback in September and October 2023, and Council adoption in November 2023.

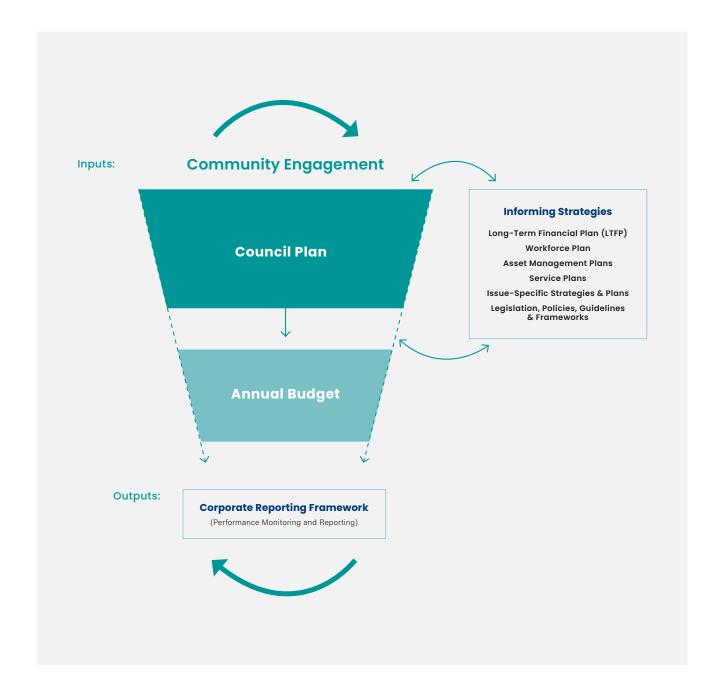

#### Why a Council Plan?

The Council Plan approach aligns with local government reform recommendations to simplify Integrated Planning and Reporting Framework for the community and local governments and address the inherit overlap and duplication that often occurs between the two plans.

#### Why's the Council Plan important?

The Strategic Community Plan is the strategic foundation for local governments' Integrated Planning and Reporting Framework as it details the community's vision and priorities for the local area. The Corporate Business Plan, with guidance from informing strategies and plans including, but not limited to the Long-Term Financial Plan, Workforce Plan and Asset Management Plans, translates the community's vision and priorities into the services and projects local governments provide to the community. The Council Plan combines both Strategic Community Plan and Corporate Business Plan intents into a single document, providing a clear, collaborative and accessible vision and delivery program for the Nedlands community, Council and Administration.

The Council Plan combines both Strategic Community Plan and Corporate Business Plan intents into a single document, providing a clear, collaborative and accessible vision.

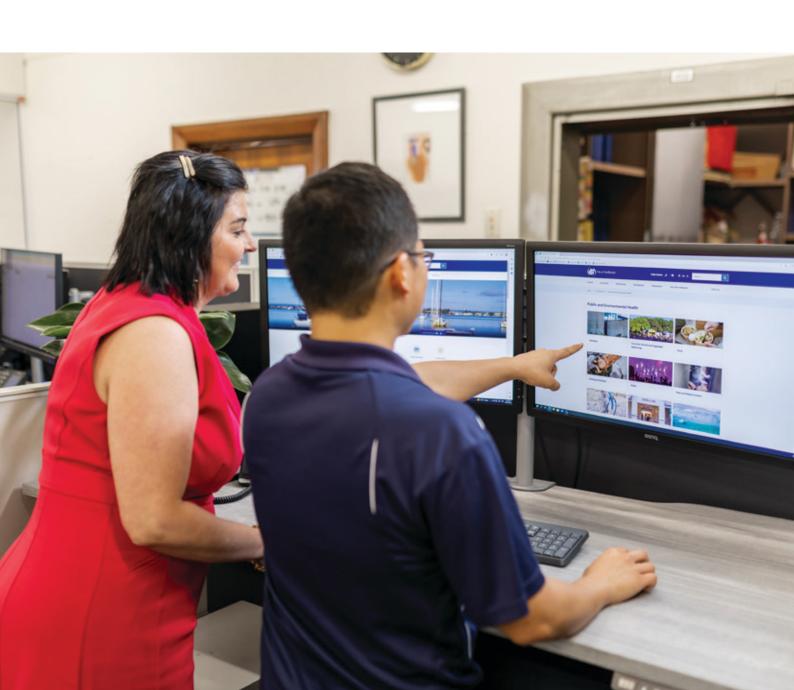

#### Why wasn't the Council Plan developed first?

Theoretically, a Strategic Community Plan should be developed first as it provides the strategic foundation for local governments' Integrated Planning and Reporting Framework. At the City however, given the findings of the Organisational Review (June 2022), the Council and the Executive Management Team prioritised development of the Long-Term Financial Plan, Workforce Plan and Asset Management Plans, to understand the current state of operations and to establish ongoing financial sustainability of the City's service and project delivery. Prioritising these Informing strategies and plans has been critical in the development of a contemporary and robust Council Plan.

# **Communications and Engagement**

#### **Corporate Communications**

- In November 2022 the City's FOGO service commenced. A targeted communications campaign educated the City's 8,372 households on the value of the three-bin service.
   The campaign activities included a comprehensive digital and print media campaign, community education forums and an activation at Mt Claremont Farmers Markets.
- In October 2022 the City sought community feedback on Scheme Amendment No.12 to the City of Nedlands Local Planning Scheme No. 3 (the Scheme) proposes to insert a new clause requiring development approval to be obtained prior to the removal, destruction or damage of trees meeting certain criteria from Residential lots with a coding of R20 or lower. The community consultation campaign was the highest performing project in 2022-23 receiving 775 submissions, 91.5% supportive of the proposal is currently with the State Government.

#### **Human Resources**

# Human Resources / Health and Safety

- Implemented Human Resource Management and Recruitment modules as part
  of the Enterprise Resource Planning OneCount Project. This replaced the previous
  systems for employee record capture, recruitment and reporting and is integrated
  with finance and payroll modules.
- Developed the Equal Opportunity and Diversity Plan in accordance with the Equal
   Opportunity Management Act 1984, which required all government entities to develop
   a Plan and lodge it with the Public Sector Commission. The Plan, including milestones
   and initiatives, is aimed at: creating a skilled workforce that reflects the diversity of the
   City's community and workforce and continuous improvement in service delivery.
- Established Bargaining Committees comprising of City management, unions and employee representatives to negotiate replacement inside and outside workforce agreements- in-line with changed local government coverage from Federal to State.
- Reviewed the Workplace Health and Safety Management Plan and Key Result Areas.
- Developed a framework to ensure continuous improvement in Workplace Health and Safety.
- Workers' compensation claims were significantly lower with preventative practices leading to lower lost time injury costs.

# **Information and Communication Technology**

### **Information Technology**

- Zero outstanding Information Technology Audit and Risk Committee items.
- Zero known cyber security breaches in 2022-23.
- 2500+ Information Technology support requests serviced by the Information Technology Team.

## Information and Knowledge Management

- Circa 180,000 records classified by the Information and Knowledge Management Team.
- 14 Freedom of Information requests received and serviced.
- 5 police requests received and serviced.
- Automated the Record Management classification in the Records Management system.

#### **OneCouncil Project**

- Enterprise Resource Planning OneCouncil Project continues to enhance the City's strategic focus on overall efficiency, transparency, and service delivery. In 2022-23, progress was made as follows:
  - 9 modules implemented and embedded into service delivery including financial management, supply chain management, payroll, customer request management, enterprise content management, enterprise budgeting, e-recruitment, asset lifecycle management and DXP meetings.
  - 15 modules underway which include all revenue and compliance functions
- Significant business improvements made in 2022-23 as a result of the OneCouncil Project include:
  - Decommissioning of systems previously used for business operations.
  - Improved data capture and reporting of payroll-related information.
  - Improved project reporting, tracking, and transparency in project management.
  - Enhanced technology governance has provided critical support for the OneCouncil Project implementation and the Project Team.

#### **Finance**

#### **General Financial Services**

- Transitioned the Asset Management system as part of the Enterprise Resource Planning OneCouncil Project.
- Long-Term Financial Plan adopted by Council in March 2023.
- Completed Underground Power community consultation to assist with the development of a Business Case for the project.

#### **Assets**

#### **Fleet**

- Developed the Fleet Asset Management Plan in conjunction with Uniqco Fleet Data Analytics in May 2023.
- Reviewed light fleet operations and its mechanical workshop operations.
- Purchased the first Hybrid vehicle, as recommended in the light fleet review as an initial step towards electrification and the mandated Net Zero target.
- Commenced the reduction of light plant that require two stroke petrol by purchasing several commercial grade battery powered units.

# Chief Executive Officer Key Performance Areas 2022-23

At its meeting held on 22 November 2022, Council adopted the following Chief Executive Officer Key Result Areas. Delivery status as of June 2023 detailed below.

## 1. Governance

Key Result Area	Key Performance Indicator	Status
Improve efficacy and efficiency of Council	Governance Framework Policy reviewed, presented and endorsed by Council and updated on the website.	Completed
Meeting Agenda Forum	<ul> <li>Council Member satisfaction with timeliness of Council Meeting Agenda Forums, post review of the Governance Framework Policy.</li> </ul>	Scheduled
	<ul> <li>The review of business areas of concern/ priority, as identified in the Audit Plan for the next 12 months, includes auditing against related policies, processes and procedures and updating where required.</li> </ul>	In progress
Increase transparency in policy, process and	Community Engagement Policy reviewed, presented and endorsed by Council.	On hold
communication to build the community's trust and confidence.	<ul> <li>Council Report template for Statutory Planning items modified to include a section on the provision of the information relevant to make an informed decision.</li> </ul>	Completed
	<ul> <li>Weekly Chief Executive Officer (CEO) Statutory Planning Update modified to indicate if all required planning information has been submitted with the application, when advertised.</li> </ul>	Completed

	<ul> <li>Workforce Full-Time Equivalent' (FTE) dashboard analytics developed and reported to Council.</li> </ul>	Completed

# **Statutory compliance**

The following section details the City of Nedlands reporting of statutory compliance requirements for the 2022-23 reporting period.

# **Employee remuneration**

There were 16 employees entitled to an annual cash salary of \$130,000 or more. A summary is provided below.

Annual cash salary	Number of employees
\$130,000 - \$139,999	1
\$140,000 - \$149,999	2
\$150,000 - \$159,999	5
\$160,000 - \$169,999	4
\$170,000 - \$179,999	0
\$180,000 - \$189,999	0
\$190,000 - \$199,999	0
\$200,000 - \$209,999	1
\$210,000 - \$219,999	0
\$220,000 - \$229,999	2
Above \$230,000	1

Note: The table above reports the annual cash component only and includes the CEO.

# Remuneration and Allowances paid to the Local Government Standards Panel

\$6,120 was paid by the City in sitting fees to the Local Government Standards Panel when findings were made.

# Payments Ordered by the Local Government Standards Panel

The amount ordered by the Local Government Standards Panel to the City was \$0.

## **CEO Remuneration**

The CEO's remuneration package was \$300,000 (including salary, allowances, fees, emoluments, and benefits).

# **Council Member Attendance**

Council Member	Council Meeting (11)	Special Council Meeting (5)	Council Meeting Agenda Forum (11)	Audit & Risk Committee (4)	Chief Executive Performance Review Committee (5)	Public Art Committee (1)	Workforce Plan Implementation Committee (1)	Integrated Transport Strategy Committee (1)	Foreshore Management Steering Committee (2)

Council (1) = Number of meetings held

N/A = Council Member not required to attend

LOA = Leave of absence

\*\* = Observer

#### **Council Member Information**

It is not known how many Council Members identified as Aboriginal or Torres Strait Islander, or their age, gender, country of birth or linguistic background.

# Modifications to Strategic Community Plan and Corporate Business Plan

The City's Strategic Community Plan, Nedlands 2018-28 was adopted by Council at its meeting held on 22 May 2018 and due for major review in 2022-23. The City does not have a valid Corporate Business Plan, as the Corporate Business Plan 2013-2017 was not reviewed or updated since its development. Major review of both plans commenced in December 2022.

# **Trading Undertakings**

No trading undertakings were undertaken by the City.

#### **Land Transactions**

No land transactions were undertaken in by the City.

# Council Member Fees, Expenses and Allowance

Council Member remuneration is reported in the Financial Statements under the 'Related Party Transaction Note'.

# **Capital Grants, Subsidies and Contributions**

Capital grants, subsidies and contributions are reported in the Financial Statements under the 'Revenue and Expenses Note'.

# **Council Member Complaints**

A summary of Council Member complaints is provided below:

- 15 Complaints recorded and referred to Standards Panel.
- 2 Complaints with findings of no breach by Standards Panel.
- 8 Complaints with findings of refusal by Standards Panel.
- 0 Complaints with findings of Breach by Standards Panel.
- 5 Complaints with an investigation still in Progress.

## **Records Keeping Statement**

The City is committed to best practice record keeping and compliance in accordance with the *State Records Act 2000* and best practice standards. The City's current Record-Keeping Plan, RKP2023, was submitted to the State Records Office in March 2023 and awaiting approval later in 2023. In accordance with the *State Records Act 2000*, RKP2023, is due to be reviewed again (every 5 years) by the State Records Office by March 2028.

## **Evaluation of Information Management Systems**

The City continuously reviews, adapts, and initiates new business processes and systems to improve capture, manage and store business intelligence across the organisation. The City has been utilising MS SharePoint365 - Electronic Documents and Records Management System (EDRMS) since 2016. RecordPoint365 was introduced in 2021 and continues to work alongside Sharepoint, to utilise its records classification, retention, and disposal features to comply with State Records Office legislative requirements.

Further, the City went live in 2021-22 with its Enterprise Resource Planning (ERP) system 'OneCouncil' which included an Enterprise Content Management (ECM) component allowing for better records management practices.

Overall innovative improvements to the systems will equip the City to adapt to Open by Design concept introduced by the Office of Information Commissioner to responsibly publish and release information to the public in the near future based on *Freedom of Information Act 1992*.

## **Information Management Training and Awareness**

City's Information Management team runs various educational and refresher sessions throughout the year to re-educate staff on their local government records management responsibilities.

Record-keeping induction training is one of those that all new employees attend. All training and educational programs are regularly reviewed to comply with State Records Office and Office of Information Commission and to add value. Annual Freedom of Information workshop/information sessions is in place to educate City staff on Freedom of Information responsibilities.

Further an online records refresher training quiz is in place for staff to measure their records knowledge at their own pace. City's Information Management staff also undertake records keeping training on a regular basis, as well as attend monthly and quarterly local government records forums for networking, information, education, and knowledge sharing purposes.

#### Freedom of Information

A summary of the Freedom of Information processes undertaken is provided below:

- 14 valid Freedom of Information applications received.
- · 3 internally reviewed and finalised
- · 2 externally reviewed and decision pending
- 1 State Consultation
- 5 Police Inquiries
- 0 transferred to another agency
- · 0 withdrawn by the applicant

# **National Competition Policy**

The City has no local laws or policies that contain anti-competitive provisions.

# **Disability Access & Inclusion**

The Disability, Access and Inclusion Plan (DAIP) 2018-19 – 2023-24 aims to improve accessibility and inclusiveness for people with a disability and their carers and families. The plan is a statutory requirement of the state government as outlined in the *Disability Services Act* 1993. The City has made a number of key achievements in this financial year.

The table below shows the outcome areas where strategies or initiatives were planned, as well as the strategies or initiatives completed during the financial year.

Outcome Areas	Number of St	Comment		
	Planned	Completed	Ongoing	
Services and Events	14	11	0	COVID-19 impacted on the delivery of some services.
Buildings and Facilities	4	4	0	
Information	5	5	0	
Services from Employees	0	0	NA	
Feedback and Complaints	0	0	NA	
Public Consultation	2	2	NA	
Employment	2	2	NA	

# **LOOKING AHEAD**

### Priorities for 2023-24

In the coming financial year, the City of Nedlands looks forward to the finalisation of major reviews of the Strategic Community Plan and Corporate Business Plan and adoption of the new Council Plan to guide service and project delivery to the community. The Council Plan is the most critical component of the City's Integrated Planning and Reporting Framework and ensure that service and project delivery aligns to the community's to priorities as identified in the MARKYT® Community Scorecard 2023:

- · Responsible Growth and Development
- · Planning and Building Approvals
- Streetscape, Trees and Verges
- Activation of Town Centres / Local Shopping Areas
- · Sustainable Practices / Climate Change

Other key projects for 2023/24 include:

- Review the Local Planning Framework in collaboration with the community
  and State Government to agree on an approach for responsible and sustainable
  development that meets local community needs. When reviewing the
  framework consider Nedlands town centre, local community hubs, housing
  needs, appropriate sites for high-density dwellings, and green spaces.
- Progress Scheme Amendment 13 Stirling Highway and related policies to introduce limits on building heights.
- Review and update the Urban Forest Strategy. This plan will include a major audit of trees on City managed lands (parks, verges, etc), the establishment of a tree asset register that is maintained regularly, and development of a plant pathogen management plan.
- Install underground power in Hollywood East, Nedlands West and Nedlands North precincts.
- Prepare an Integrated Transport Strategy, in consultation with the community and neighbouring councils to meet needs in relation to paths, cycleways, roads, parking, and public transport.
- Partner with the State Government and City of Perth to prepare a UWA-QEII Precinct Plan.
- Improve water management practices to achieve Gold Waterwise Status by 2025/26.

# **Financials**

# **Understanding the Financial Statements**

A guide to some of the terminology contained in the statutory financial statements.

# Statement of Comprehensive Income by Nature or Type

(Operating Statement/Statement of Profit and Loss)

The 'Statement of Comprehensive Income' demonstrates whether the City of Nedlands' operations were in operating surplus or deficit for the year. It shows the operating revenue and expenditure items grouped by local government program and by nature and type classification. The net result is calculated as Total Revenue less Total Expenditure. The 'Statement of Comprehensive Income' includes non-cash entries in our accounts to reflect the increase in value of community assets (buildings, roads, paths, land etc.) held by the City. A positive result does not necessarily mean that there are extra funds available for spending - nor does a negative result mean that there are insufficient funds, providing the shortfall is made up from other sources such as existing cash reserves or borrowings.

#### **Statement of Financial Position**

(Balance Sheet)

The 'Statement of Financial Position' shows what the City owns (our Assets) and what it owns (Liabilities). 'Current Assets' are items that can be readily converted into cash within 12 months. Any other assets such as infrastructure, property and equipment are classified as 'Non-Current' as it would generally take longer than 12 months to convert them to cash. Liabilities that are expected to have to be paid within the next 12 months are classified as 'Current Liabilities' whilst all other liabilities are 'Non-Current'.

# Statement of Changes in Equity

The 'Statement of Changes in Equity' shows how much our investment in community assets is worth. Our 'Net Worth' is calculated as Total Assets less Total Liabilities. Some of this 'Net Worth' is represented by 'Cash Backed Reserves' whilst the remainder (Retained Surplus from Prior Years and Asset Revaluation Surplus) is backed by other fixed assets rather than by cash.

#### Statement of Cash Flows

(Cash Flow Statement)

The 'Statement of Cash Flows' indicates how cash flows into the City and what the cash outflows are over the year. It indicates the City's ability to pay its debts, when they are due, and have money left for the future. Cash flows can occur through:

- Operating Activities (receipt of rates, fees, interest, operating grants or other revenue)
- Investing Activities (sale, purchase or construction of property, plant or equipment, capital grants), and
- Financing Activities (repayment of borrowings or proceeds of new loans)

# **Rate Setting Statement**

The 'Rate Setting Statement' demonstrates how the City arrived at the amount of money required to be derived from Rates. In effect, it looks at the proposed expenditures then allows for funding from all sources other than rates. The remaining portion then represents the cash required to be raised from Rates. Each of these major financial statements will have cross references to the 'Notes to the Accounts' which provide more detail on how a particular number shown on the statements is made up.

Note 25	Rating Information	41
Note 26	Determination of Surplus or Deficit	42
Note 27	Borrowing and Lease Liabilities	43
Note 28	Reserve accounts	45
Note 29	Correction of Prior period errors	47

#### 1. BASIS OF PREPARATION

The financial report of the City of Nedlands which is a Class 2 local government comprises general purpose financial statements which have been prepared in accordance with the *Local Government Act* 1995 and accompanying regulations.

#### **Local Government Act 1995 requirements**

Section 6.4(2) of the Local Government Act 1995 read with the Local Government (Financial Management) Regulations 1996 prescribe that brought to account in the prior year because City did not obtain the control of the c

with the *Local Government Act* 1995, the Australian Accounting Standards. The Australian Accounting Standards (as they apply to local governments and not-for-profit entities) and Interpretations of the Australian Accounting Standards Board were applied where no inconsistencies exist.

The Local Government (Financial Management) Regulations 1996 specify that vested land is a right-of-use asset to be measured at cost, and is considered a zero cost concessionary lease. All right-of-use assets under zero cost concessionary leases are measured at zero cost rather than at fair value, except for vested improvements on concessionary land leases such as roads, buildings or other infrastructure which continue to be reported at fair value, as opposed to the vested land which is measured at zero cost. The measurement of vested improvements at fair value is a departure from AASB 16 Leases which would have required the City to measure any vested improvements at zero cost.

Accounting policies which have been adopted in the preparation of this financial report have been consistently applied unless stated otherwise. Except for cash flow and rate setting information, the financial report has been prepared on the accrual basis and is based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and liabilities.

#### The local government reporting entity

All funds through which the City controls resources to carry on its functions have been included in the financial statements forming part of this financial report.

All monies held in the Trust Fund are excluded from the financial statements. A separate statement of those monies appears at Note 28 of the financial report.

#### Judgements and estimates

The preparation of a financial report in conformity with Australian Accounting Standards requires management to make judgements, estimates and assumptions that effect the application of policies and reported amounts of assets and liabilities, income and expenses.

The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances; the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

The balances, transactions and disclosures impacted by accounting estimates are as follows:

- estimated fair value of certain financial assets
- · impairment of financial assets
- estimation of fair values of land and buildings, and infrastructure.
- estimation uncertainties made in relation to lease accounting

#### Initial application of accounting standards

During the current year, the following new or revised Australian Accounting Standards and Interpretations were applied for the first time

- AASB 2020-3 Amendments to Australian Accounting Standards -Annual Improvements 2018-2020 and Other Amendments
- AASB 2020-6 Amendments to Australian Accounting Standards -Classification of Liabilities as Current or Non-current –

  Deferral of Effective Date
- AASB 2021-7a Amendments to Australian Accounting Standards
- Effective Date of Amendments to AASB 10 and AASB 128 and Editorial Corrections [general editorials]
- AASB 2022-3 Amendments to Australian Accounting Standards
   Illustrative Examples for Not-for-Profit Entities accompanying AASB 15 Revenue from Contracts with Customers

These amendments have no material impact on the current annual financial report

#### New accounting standards for application in future years

The following new accounting standards will have application to local government in future years:

- AASB 2014-10 Amendments to Australian Accounting Standards
   Sale or Contribution of Assets between an Investor and its Associate or Joint Venture
- AASB 2020-1 Amendments to Australian Accounting Standards -Classification of Liabilities as Current or Non-current
- AASB 2021-2 Amendments to Australian Accounting Standards -Disclosure of Accounting Policies or Definition of Accounting Estimates

This standard will result in a terminology change for significant accounting policies

- AASB 2021-7c Amendments to Australian Accounting Standards

   Effective Date of Amendments to AASB 10 and AASB 128 and Editorial Corrections [deferred AASB 10 and AASB 128 amendments in AASB 2014-10 apply]
- AASB 2022-5 Amendments to Australian Accounting Standards - Lease Liability in a Sale and Leaseback
- AASB 2022-6 Amendments to Australian Accounting Standards
   Non-current Liabilities with Covenants
- AASB 2022-7 Editorial Corrections to Australian Accounting Standards and Repeal of Superseded and Redundant Standards
- AASB 2022-10 Amendments to Australian Accounting Standards
   Fair Value Measurement of Non-Financial Assets of Not-for-Profit Public Sector Entities

The amendment may result in changes to the fair value of non-financial assets. The impact is yet to be quantified.

Except as described above these amendments are not expected to have any material impact on the financial report on initial application.

#### 2. REVENUE AND EXPENSES

#### (a) Revenue

Contracts with customers
Recognition of revenue is dependant on the source of revenue and the associated terms and conditions associated with each source of revenue and recognised as follows:

or revenue and recognised as	S IUIIUWS.				
	Nature of goods	When obligations		Returns/Refunds/	Timing of revenue
Revenue Category	and services	typically satisfied	Payment terms	Warranties	recognition
Grants, subsidies and	Community events,	Over time	Fixed terms transfer of	Contract obligation if	Output method based

brought to account in the prior year because City did not obtain the control	18(a)	10,696,174	3,307,928
Instead the amount should be expensed.		15,333,447	6,159,497

#### SIGNIFICANT ACCOUNTING POLICIES

#### Cash and cash equivalents

Cash and cash equivalents include cash on hand, cash at bank, deposits available on demand with banks and other short term highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

Bank overdrafts are reported as short term borrowings in current liabilities in the statement of financial position.

Term deposits are presented as cash equivalents if they have a maturity of three months or less from the date of acquisition and are repayable with 24 hours notice with no loss of interest.

#### Restricted financial assets

Restricted financial asset balances are not available for general use by the local government due to externally imposed restrictions. Restrictions are specified in an agreement, contract or legislation. This applies to reserve accounts, unspent grants, subsidies and contributions and unspent loans that have not been fully expended in the manner specified by the contributor, legislation or loan agreement and for which no liability has been recognised.

#### 4. OTHER FINANCIAL ASSETS

#### (a) Current assets

Financial assets at amortised cost

Self supporting loans receivable

#### Other financial assets at amortised cost

Term deposits
Held as - Unrestricted other financial assets at amortised cost

#### (b) Non-current assets

Financial assets at amortised cost

Financial assets at fair value through profit or loss

- Restricted other financial assets at amortised cost

#### Financial assets at amortised cost

Self supporting loans receivable

#### Financial assets at fair value through profit or loss

	155,607	147,614
	7,372	7,993
	162,979	155,607

Loans receivable from clubs/institutions have the same terms and conditions as the related borrowing disclosed in Note 27(a) as self supporting loans. Fair value of financial assets at fair value through profit or loss is determined from the net asset value of the units held in the Trust at balance date as compiled by WALGA.

#### SIGNIFICANT ACCOUNTING POLICIES

#### Other financial assets at amortised cost

The City classifies financial assets at amortised cost if both of the following criteria are met:

- the asset is held within a business model whose objective is to collect the contractual cashflows, and
- the contractual terms give rise to cash flows that are solely payments of principal and interest.

Fair values of financial assets at amortised cost are not materially different to their carrying amounts, since the interest receivable on those assets is either close to current market rates or the assets are of a short term nature. Non-current financial assets at amortised cost fair values are based on discounted cash flows using a current market rates. They are classified as level 2 fair values in the fair value hierarhy (see Note 23 (i)) due to the observable market rates).

Interest received is presented under cashflows from operating activities in the Statement of Cash Flows where it is earned from financial assets that are held for cash management purposes

#### Financial assets at fair value through profit or loss

The City has elected to classify the following financial assets at fair value through profit or loss:

- debt investments which do not qualify for measurement at either amortised cost or fair value through other comprehensive income.
- equity investments which the City has elected to recognise as fair value gains and losses through profit or loss.

#### pairment and risk

Information regarding impairment and exposure to risk can be found at Note 22.

#### 5. TRADE AND OTHER RECEIVABLES

	385,463	463,140
	333,888	388,559
	1,116,824	1,301,176

#### SIGNIFICANT ACCOUNTING POLICIES

#### Rates and statutory receivables

Rates and statutory receivables are non-contractual receivables arising from statutory requirements and include amounts due from ratepayers for unpaid rates and service charges and other statutory charges or fines.

Rates and statutory receivables are recognised when the taxable event has occurred and can be measured reliably.

#### Trade receivables

Trade receivables are amounts receivable from contractual arrangements with customers for goods sold, services performed or grants or contributions with sufficiently specific performance obligations or for the construction of recognisable non financial assets as part of the ordinary course of business.

#### Other receivables

Other receivables are amounts receivable from contractual arrangements with third parties other than contracts with customers and amounts received as grants for the construction of recognisable non financial assets.

#### Measurement

Trade and other receivables are recognised initially at the amount of the transaction price, unless they contain a significant financing component, and are to be recognised at fair value.

#### Classification and subsequent measurement

Receivables which are generally due for settlement within 30 days except rates receivables which are expected to be collected within 12 months are classified as current assets. All other receivables such as, deferred pensioner rates receivable after the end of the reporting period are classified as non-current assets.

Trade and other receivables are held with the objective to collect the contractual cashflows and therefore the City measures them subsequently at amortised cost using the effective interest rate method.

Due to the short term nature of current receivables, their carrying amount is considered to be the same as their fair value. Non-current receivables are indexed to inflation, any difference between the face value and fair value is considered immaterial.

#### Impairment and risk exposure

Information about the impairment of trade receivables and their exposure to credit risk and interest rate risk can be found in Note 22.

#### **6. INVENTORIES**

_	Note	2023	2022
Current		\$	\$
Fuel and materials		56,650	40,738
		56,650	40,738
The following movements in inventories occurred during the year:			
Balance at beginning of year		40,738	34,191
Inventories expensed during the year		(145,483)	(136,271)
Additions to inventory		161,395	142,818
Balance at end of year		56,650	40,738

#### SIGNIFICANT ACCOUNTING POLICIES

#### General

Inventories are measured at the lower of cost and net realisable value.

Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

#### 7. OTHER ASSETS

. OTTER AGGETG		
	2023	2022
	\$	\$

brought to account in the prior year because City did not obtain the c	532,602	44,747

#### SIGNIFICANT ACCOUNTING POLICIES

## Other current assets

Other non-financial assets include prepayments which represent payments in advance of receipt of goods or services or that part of expenditure made in one accounting period covering a term extending beyond that period.

#### **Contract assets**

Contract assets primarily relate to the City's right to consideration for work completed but not billed at the end of the period.

#### 9. INFRASTRUCTURE (Continued)

#### (b) Carrying Value Measurements

Asset Class (i) Fair Value	Fair Value Hierarchy	Valuation Technique	Basis of Valuation	Date of Last Valuation	Inputs Used
Infrastructure - roads	3	Cost approach using depreciated replacement cost	Independent registered valuer	June 2023	Construction costs and current condition (level 2) residual values and remaining useful life assessments (level 3) inputs
Other infrastructure - drainage	3	Cost approach using depreciated replacement cost	Independent registered valuer	June 2023	Construction costs and current condition (level 2) residual values and remaining useful life assessments (level 3) inputs
brought to account in the prior year bec	3	Cost approach using depreciated replacement cost	Independent registered valuer	June 2023	Construction costs and current condition (level 2) residual values and remaining useful life assessments (level 3) inputs
expensed Other infrastructure - parks	3	Cost approach using depreciated replacement cost	Independent registered valuer	June 2023	Construction costs and current condition (level 2) residual values and remaining useful life assessments (level 3) inputs
Other infrastructure - street furniture	3	Cost approach using depreciated replacement cost	Independent registered valuer	June 2023	Construction costs and current condition (level 2) residual values and remaining useful life assessments (level 3) inputs

Level 3 inputs are based on assumptions with regards to future values and patterns of consumption utilising current information. If the basis of these assumptions were varied, they have the potential to result in a significantly higher or lower fair value measurement.

During the period there were no changes in the valuation techniques used to determine the fair value of infrastructure using level 3 inputs.

#### 10. FIXED ASSETS (Continued)

#### SIGNIFICANT ACCOUNTING POLICIES Fixed assets

Each class of fixed assets within either property, plant and equipment or infrastructure, is carried at cost or fair value (as indicated), less any accumulated depreciation and impairment losses.

#### Initial recognition and measurement for assets held at cost

Plant and equipment including furniture and equipment is brought to account in the prior year because City did not obtain the control of ISubsequent increases are then recognised in profit or loss to the Instead the amount should be expensed.

is initially recognised at fair value. Assets held at cost are depreciated and assessed for indicators of impairment annually.

#### Initial recognition and measurement between mandatory revaluation dates for assets held at fair value

Assets for which the fair value as at the date of acquisition is under \$5,000 are not recognised as an asset in accordance with Financial Management Regulation 17A (5). These assets are expensed immediately.

Where multiple individual low value assets are purchased together as part of a larger asset or collectively forming a larger asset exceeding the threshold, the individual assets are recognised as one asset and capitalised.

Upon initial recognition, cost is determined as the amount paid (or other consideration given) to acquire the assets, plus costs incidental to the acquisition. For assets acquired at zero cost or otherwise significantly less than fair value, cost is determined as fair value at the date of acquisition. The cost of non-current assets constructed by the City includes the cost of all materials used in construction, direct labour on the project and an appropriate proportion of variable and fixed overheads.

Individual assets that are land, buildings, and infrastructure acquired between scheduled revaluation dates of the asset class in accordance with the City's revaluation policy, are recognised at cost and disclosed as being at fair value as management believes cost approximates fair value. They are subject to subsequent revaluation at the next revaluation date consistent with Financial Management Regulation 17A(4).

The fair value of land, buildings and infrastructure is determined at least every five years in accordance with the regulatory framework. This includes buildings and infrastructure items which were pre-existing improvements (i.e. vested improvements) on vested land acquired by the City.

At the end of each period, the carrying amount for each asset class is reviewed and, where appropriate, the fair value is updated to reflect current market conditions consistent with Financial Management Regulation 17A(2) which requires land, buildings, infrastructure and vested improvements to be shown at fair value.

#### Revaluation (continued)

For land, buildings and infrastructure increases in the carrying amount arising on revaluation of asset classes are credited to a revaluation surplus in equity.

Decreases that offset previous increases of the same class of asset are recognised against revaluation surplus directly in equity. All other decreases are recognised in profit or loss.

extent they reverse a net revaluation decrease previously recognised in profit or loss for the same class of asset.

#### Depreciation

The depreciable amount of all property, plant and equipment and infrastructure, are depreciated on a straight-line basis over the individual asset's useful life from the time the asset is held ready for use. Leasehold improvements are depreciated over the shorter of either the unexpired period of the lease or the estimated useful life of the improvements.

The assets residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

#### Depreciation on revaluation

When an item of property, plant and equipment and infrastructure is revalued, any accumulated depreciation at the date of the revaluation is treated in one of the following ways:

- (i) The gross carrying amount is adjusted in a manner that is consistent with the revaluation of the carrying amount of the asset.
- (ii) Eliminated against the gross carrying amount of the asset and the net amount restated to the revalued amount of the asset.

#### Amortisation

All intangible assets with a finite useful life, are amortised on a straight-line basis over the individual asset's useful life from the time the asset is held ready for use.

The residual value of intangible assets is considered to be zero and the useful life and amortisation method are reviewed at the end of each financial year.

Amortisation is included within depreciation in the Statement of Comprehensive Income and in Note 10(a).

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

#### Gains or losses on disposal

Gains and losses on disposals are determined by comparing proceeds with the carrying amount. These gains and losses are included in the Statement of Comprehensive Income in the period in which they arise.

#### **10. FIXED ASSETS**

		27(b)	160,744	207,606

# Secured liabilities and assets pledged as security

Lease liabilities are effectively secured, as the rights to the leased assets recognised in the financial statements revert to the lessor in the event of default.

### SIGNIFICANT ACCOUNTING POLICIES

At inception of a contract, the City assesses if the contract contains or is a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

At the commencement date, a right-of-use asset is recognised at cost and lease liability at the present value of the lease payments that are not paid at that date. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the City uses its incremental borrowing rate.

All contracts that are classified as short-term leases (i.e. a lease with a term of 12 months or less) and leases of low value assets are recognised as an operating expense on a straight-line basis over the term of the lease.

Details of individual lease liabilities required by regulations are provided at Note 27(b).

# Right-of-use assets - measurement

Right-of-use assets are measured at cost. All right-of-use assets (other than vested improvements) under zero cost concessionary leases are measured at zero cost (i.e. not recognised in the Statement of Financial Position). The exception is vested improvements on concessionary land leases such as roads, buildings or other infrastructure which are reported at fair value.

Refer to Note 10 under revaluation for details on the significant accounting policies applying to vested improvements.

# Right-of-use assets - depreciation

Right-of-use assets are depreciated over the lease term or useful life of the underlying asset, whichever is the shorter. Where a lease transfers ownership of the underlying asset, or the cost of the right-of-use asset reflects that the City anticipates to exercise a purchase option, the specific asset is depreciated over the useful life of the underlying asset.

# 11. LEASES (Continued)

# (c) Lessor - Property, Plant and Equipment Subject to Lease

The table below represents a maturity analysis of the undiscounted lease payments to be received after the reporting date.

Less than 1 year

62,563	60,899
37,282	99,845
333,888	388,559

# SIGNIFICANT ACCOUNTING POLICIES

#### The City as Lessor

Upon entering into each contract as a lessor, the City assesses if the lease is a finance or operating lease.

The contract is classified as a finance lease when the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee. All other leases not within this definition are classified as operating leases. Rental income received from operating leases is recognised on a straight-line basis over the term of the specific lease.

Initial direct costs incurred in entering into an operating lease (eg legal cost, cost to setup) are included in the carrying amount of the leased asset and recognised as an expense on a straight-line basis over the lease term.

When a contract is determined to include lease and non-lease components, the City applies AASB 15 Revenue from Contracts with Customers to allocate the consideration under the contract to each component.

#### 12. TRADE AND OTHER PAYABLES

#### Current

Sundry creditors Prepaid rates Accrued payroll liabilities Bonds and deposits held Accrued interest on borrowings Underground power refund brought to account in the prior year because City did not obtain the control of the cloud based software. Instead the amount should be expensed.

0	49,037
2,254	0
5,041,432	5,061,932

# SIGNIFICANT ACCOUNTING POLICIES

#### Financial liabilities

Financial liabilities are initially recognised at fair value when the City becomes a party to the contractual provisions of the instrument.

Non-derivative financial liabilities (excluding financial guarantees) are subsequently measured at amortised

Financial liabilities are derecognised where the related obligations are discharged, cancelled or expired. The difference between the carrying amount of the financial liability extinguished or transferred to another party and any consideration paid, including the transfer of non-cash assets or liabilities assumed, is recognised in profit or loss.

# Trade and other payables

Trade and other payables represent liabilities for goods and services provided to the City prior to the end of the financial year that are unpaid and arise when the City becomes obliged to make future payments in respect of the purchase of these goods and services. The amounts are unsecured, are recognised as a current liability and are usually paid within 30 days of recognition. The carrying amounts of trade and other payables are considered to be the same as their fair values, due to their short-term nature.

#### **Prepaid rates**

Prepaid rates are, until the taxable event has occurred (start of the next financial year), refundable at the request of the ratepayer. Rates received in advance are initially recognised as a financial liability. When the taxable event occurs, the financial liability is extinguished and the City recognises income for the prepaid rates that have not been refunded.

# 13. OTHER LIABILITIES

silition are actisfied	

Performance obligations in relation to capital grant/contribution liabilities are satisfied as project milestones are met or completion of construction or acquisition of the asset.

# SIGNIFICANT ACCOUNTING POLICIES

# **Contract liabilities**

Contract liabilities represent the City's obligation to transfer goods or services to a customer for which the City has received consideration from the customer.

Contract liabilities represent obligations which are not yet satisfied. Contract liabilities are recognised as revenue when the performance obligations in the contract are satisfied.

# Capital grant/contribution liabilities

Capital grant/contribution liabilities represent the City's obligations to construct recognisable non-financial assets to identified specifications to be controlled by the City which are yet to be satisfied. Capital grant/contribution liabilities are recognised as income when the obligations in the contract are satisfied.

Fair values for non-current capital grant/contribution liabilities, not expected to be extinguished within 12 months, are based on discounted cash flows of expected cashflows to satisfy the obligations using a current borrowing rate. They are classified as level 3 fair values in the fair value hierarchy (see Note 23(i)) due to the unobservable inputs, including own credit risk.

# 14. BORROWINGS

		2023				2022	2022	
	Note	Current	Non-current	Total	Current	Non-current	Total	
Secured		\$	\$	\$	\$	\$	\$

brought to account in the prior year because City did not obtain the control of the cloud based software.

Instead the amount should be expensed.

Secured liabilities and assets pledged as security

Debentures, bank overdrafts and bank loans are secured by a floating charge over the assets of the City of Nedlands.

The City of Nedlands has complied with the financial covenants of its borrowing facilities during the 2023 and 2022 years.

# SIGNIFICANT ACCOUNTING POLICIES

#### **Borrowing costs**

The City has elected to recognise borrowing costs as an expense when incurred regardless of how the borrowings are applied.

Fair values of borrowings are not materially different to their carrying amounts, since the interest payable on those borrowings is either close to current market rates or the borrowings are of a short term nature. Borrowings fair values are based on discounted cash flows using a current borrowing rate. They are classified as level 3 fair values in the fair value hierarhy (see Note 23(i)) due to the unobservable inputs, including own credit risk.

#### Risk

Details of individual borrowings required by regulations are provided at Note 27(a).

Information regarding exposure to risk can be found at Note 22.

#### 15. EMPLOYEE RELATED PROVISIONS

# **Employee Related Provisions**

	2023	2022
Current provisions	\$	\$
Employee benefit provisions		
Annual leave	1,342,262	1,431,075
Long service leave	1,619,673	1,455,493
Total current employee related provisions	2,961,935	2,886,568
Non-current provisions		
Employee benefit provisions		
Long service leave	359,357	364,244
Total non-current employee related provisions	359,357	364,244
Total employee related provisions	3,321,292	3,250,812

Provision is made for benefits accruing to employees in respect of wages and salaries, annual leave and long service leave and associated on costs for services rendered up to the reporting date and recorded as an expense during the period the services are delivered.

Annual leave liabilities are classified as current, as there is no unconditional right to defer settlement for at least 12 months after the end of the reporting period. Assessments indicate that actual settlement of the liabilities is expected to occur as follows:

### Amounts are expected to be settled on the following basis:

Less than 12 months after the reporting date More than 12 months from reporting date

2022

2022

# SIGNIFICANT ACCOUNTING POLICIES

## **Employee benefits**

The City's obligations for employees' annual leave, long service leave and other employee leave entitlements are recognised as employee related provisions in the Statement of Financial Position.

# Short-term employee benefits

Provision is made for the City's obligations for short-term employee benefits. Short-term employee benefits are benefits (other than termination benefits) that are expected to be settled wholly before 12 months after the end of the annual reporting period in which the employees render the related service, including wages, salaries and sick leave. Short-term employee benefits are measured at the (undiscounted) amounts expected to be paid when the obligation is settled.

The City's obligations for short-term employee benefits such as wages, salaries and sick leave are recognised as a part of current trade and other payables in the statement of financial position.

# Other long-term employee benefits

Long-term employee benefits provisions are measured at the present value of the expected future payments to be made to employees. Expected future payments incorporate anticipated future wage and salary levels, durations of service and employee departures and are discounted at rates determined by reference to market yields at the end of the reporting period on government bonds that have maturity dates that approximate the terms of the obligations. Any remeasurements for changes in assumptions of obligations for other long-term employee benefits are recognised in profit or loss in the periods in which the changes occur.

The City's obligations for long-term employee benefits are presented as non-current provisions in its statement of financial position, except where the City does not have an unconditional right to defer settlement for at least 12 months after the end of the reporting period, in which case the obligations are presented as current provisions.

#### **16. OTHER PROVISIONS**

Non-current	0	78,905	0	0	0	0	78,905
	0	78,905	0	0	0	0	78,905

# Other provisions

Amounts which are expected to be paid out within 12 months of the reporting date are classified as current. Exact timing of payment of non-current obligations is unable to be reliably estimated as it is dependent on factors beyond the control of the local government.

#### Provisions

Provisions are recognised when the City has a present legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured.

Provisions are measured using the best estimate of the amounts required to settle the obligation at the end of the reporting period.

# 17. REVALUATION SURPLUS

# 19. CONTINGENT LIABILITIES

Under the Contaminated Sites Act 2003, the City is required to report known and suspected contaminated sites to the Department of Water and Environmental Protection (DWER).

In accordance with the Act, DWER classifies these sites on the basis of the risk to human health, the environment and environmental values.

Where sites are classified as "contaminated – remediation required" or "possibly contaminated – investigation required", the City may have a liability in respect of investigation or remediation expenses.

The City has identified Swanbourne Reserve as possibly contaminated. Until the City conducts an investigation to determine the presence and scope of contamination, assess the risk, and agree with DWER on the need and criteria for remediation, the City is unable to estimate the potential costs and timing of outflows associated with remediation of this site.

#### 20. CAPITAL COMMITMENTS

#### 21. RELATED PARTY TRANSACTIONS

# **Transactions with related parties**

Transactions between related parties and the City are on normal commercial terms and conditions,

no more favourable than those available to other parties, unless otherwise stated.

No outstanding balances or provisions for doubtful debts or guarantees exist in relation to related parties at year end.

In addition to KMP compensation above the following transactions occurred with related parties:

2023 Actual \$ 2022 Actual \$

428.662

Payment of council member costs (Refer to Note 21(a))

# **Related Parties**

# The City's main related parties are as follows:

#### i. Key management personnel

Any person(s) having authority and responsibility for planning, directing and controlling the activities of the entity, directly or indirectly, including any council member, are considered key management personnel and are detailed in Notes 21(a) and 21(b)

#### ii. Other Related Parties

Any entity that is controlled by or over which KMP, or close family members of KMP, have authority and responsibility for planning, directing and controlling the activity of the entity, directly or indirectly, are considered related parties in relation to the City.

# iii. Entities subject to significant influence by the City

An entity that has the power to participate in the financial and operating policy decisions of an entity, but does not have control over those policies, is an entity which holds significant influence.

Significant influence may be gained by share ownership, statute or agreement.

#### 22. FINANCIAL RISK MANAGEMENT

This note explains the City's exposure to financial risks and how these risks could affect the City's future financial performance.

Risk	Exposure arising from	Measurement	Management
Market risk - interest rates	Long term borrowings at variable rates	Sensitivity analysis	Utilise fixed interest rate borrowings
Credit risk	Cash and cash equivalents, trade receivables, financial assets and debt investments	Aging analysis Credit analysis	Diversification of bank deposits, credit limits. Investment policy
brought to account in the prior ye	ar beca Borrowings and other liabilities	Rolling cash flow	Availability of committed credit lines

The City does not engage in transactions expressed in foreign currencies and is therefore not subject to foreign currency risk.

Financial risk management is carried out by the finance department under policies approved by the council. The finance department identifies, evaluates and manages financial risks in close co-operation with the operating divisions. Council have approved the overall risk management policy and provide policies on specific areas such as investment policy.

#### (a) Interest rate risk

# Cash and cash equivalents

The City's main interest rate risk arises from cash and cash equivalents with variable interest rates, which exposes the City to cash flow interest rate risk. Short term overdraft facilities also have variable interest rates however these are repaid within 12 months, reducing the risk level to minimal.

Excess cash and cash equivalents are invested in fixed interest rate term deposits which do not expose the City to cash flow interest rate risk. Cash and cash equivalents required for working capital are held in variable interest rate accounts and non-interest bearing accounts. Carrying amounts of cash and cash equivalents at the 30 June and the weighted average interest rate across all cash and cash equivalents, term deposits, and Treasury bonds held disclosed as financial assets at amortised cost are reflected in the table below

	Weighted Average Interest Rate	Carrying Amounts	Fixed Interest Rate	Variable Interest Rate	Non Interest Bearing
2023	1.95%	45 222 447	10 510 071	4 004 076	0
Cash and cash equivalents Financial assets at amortised cost - term	1.95%	15,333,447	10,512,371	4,821,076	0
deposits	0.00%	0	0	0	0
2022					
Cash and cash equivalents	0.21%	6,159,497	2,071,205	4,088,292	0
Financial assets at amortised cost - term deposits	1.11%	12,101,784	12,101,784	0	0

Profit or loss is sensitive to higher/lower interest income from cash and cash equivalents as a result of changes in interest rates.

2023	2022
\$	\$
48,211	40,883

Impact of a 1% movement in interest rates on profit or loss and equity\* \* Holding all other variables constant

#### Borrowings

Borrowings are subject to interest rate risk - the risk that movements in interest rates could adversely affect funding costs. The City manages this risk by borrowing long term and fixing the interest rate to the situation considered the most advantageous at the time of negotiation. The City does not consider there to be any interest rate risk in relation to borrowings. Details of interest rates applicable to each borrowing may be found at Note 27(a).

# 22. FINANCIAL RISK MANAGEMENT (Continued)

# (b) Credit risk

#### Trade and Other Receivables

The City's major trade and other receivables comprise contractual non-statutory user fees and charges, grants, contributions and reimbursements. The major risk associated with these receivables is credit risk – the risk that the debts may not be repaid. The City manages this risk by monitoring outstanding debt and employing debt recovery policies.

The level of outstanding receivables is reported to council monthly and benchmarks are set and monitored for acceptable collection performance.

The City applies the AASB 9 Financial Instruments simplified approach to measuring expected credit losses using a lifetime expected loss allowance for all trade and other receivables. To measure the expected credit losses, receivables from grants, contributions and reimbursements are separated from other trade receivables due to the difference in payment terms and security.

The expected loss rates are based on the payment profiles of trade and other receivables over a period of 36 months before 1 July 2022 or 1 July 2023 respectively and the corresponding historical losses experienced within this period. Historical credit loss rates are adjusted to reflect current and forward-looking information on macroeconomic factors such as the ability of users to settle the receivables.

The loss allowance as at 30 June 2023 and 30 June 2022 was determined as follows for trade and other receivables.

	Current	More than 30 days past due	More than 60 days past due	More than 90 days past due	Total
30 June 2023					
Trade receivables					
Expected credit loss	0.00%	0.00%	0.00%	4.56%	
Gross carrying amount	0	0	0	327,845	327,845
Loss allowance	0	0	0	14,948	14,948
30 June 2022					
Trade receivables					
Expected credit loss	0.00%	0.00%	0.00%	4.37%	
Gross carrying amount	0	0	0	326,280	326,280
Loss allowance	0	0	0	14,258	14,258

# 22. FINANCIAL RISK MANAGEMENT (Continued)

#### (b) Credit risk

The loss allowances for trade, other receivables and contract assets as at 30 June reconcile to the opening loss allowances as follows:

Trade receivables

	11440100	Olvabioo	011101 100011	abioo	O O I I I I I I I I I I I I I I I I I I			
	2023	2022	2023	2022	2023	2022		
	Actual	Actual	Actual	Actual	Actual	Actual		
	\$	\$	\$	\$	\$	\$		
Opening loss allowance as at 1 July	14,258	10,432	0	0	0	0		
Increase in loss allowance recognised in								
profit or loss during the year	690	4,774	0	0	0	0		
Receivables written off during the year as								
uncollectible	0	(948)	0	0	0	0		
Unused amount reversed	0	0	0	0	0	0		
Closing loss allowance at 30 June	14,948	14,258	0	0	0	0		

Other receivables

Trade, other receivables and contract assets are written off where there is no reasonable expectation of recovery. Indicators that there is no reasonable expectation of recovery include, amongst others, the failure of a debtor to engage in a repayment plan with the City, and a failure to make contractual payments for a period of greater than 120 days past due.

Impairment losses on rates and statutory receivables, trade, other receivables and contract assets are presented as net impairment losses within other expenditure. Subsequent recoveries of amounts previously written off are credited against the same line item.

#### **Contract Assets**

The City's contract assets represent work completed, which have not been invoiced at year end. This is due to the City not having met all the performance obligations in the contract which give an unconditional right to receive consideration. The City applies the simplified approach to measure expected credit losses which uses a lifetime expected loss allowance for all contract assets. To measure the expected credit losses, contract assets have been grouped based on shared credit risk characteristics and the days past due. Contract assets have substantially the same risk characteristics as the trade receivables for the same types of contracts. The City has therefore concluded that the expected loss rates for trade receivables are a reasonable approximation of the loss rates for the contract assets.

Contract Assets

# 22. FINANCIAL RISK MANAGEMENT (Continued)

# (c) Liquidity risk

# **Payables and borrowings**

Payables and borrowings are both subject to liquidity risk – that is the risk that insufficient funds may be on hand to meet payment obligations as and when they fall due. The City manages this risk by monitoring its cash flow requirements and liquidity levels and maintaining an adequate cash buffer. Payment terms can be extended and overdraft facilities drawn upon if required and disclosed in Note 18(c).

brought to account in the prior year because City did not obtain the control of the cloud based software. Instead the amount should be expensed. of discounting is not significant.

2023	Due within 1 year \$	Due between 1 & 5 years	Due after 5 years \$	Total contractual cash flows	Carrying values
Trade and other payables Borrowings Lease liabilities	4,876,700 691,145 57,375 5,625,220	0 968,184 89,836 1,058,020	0 0 28,308 28,308	4,876,700 1,659,329 175,519 6,711.548	5,041,432 1,572,473 160,744 6,774,649
2022	0,020,220	1,000,020	20,000	0,711,040	0,774,043
Trade and other payables Borrowings Lease liabilities	5,061,932 1,521,957 69,274	0 2,663,207 105,786	0 206,645 46,189	5,061,932 4,391,809 221,249	5,061,932 2,708,993 207,606
	6,653,163	2,768,993	252,834	9,674,990	7,978,531

#### 23. OTHER SIGNIFICANT ACCOUNTING POLICIES

#### a) Goods and services tax (GST)

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO).

Receivables and payables are stated inclusive of GST receivable or payable. The net amount of GST recoverable from, or payable to, the ATO is included with receivables or payables in the statement of financial position.

Instead the amount should be expensed.

flows arising from investing or financing activities which are recoverable from, or payable to, the ATO are presented as operating cash flows

#### b) Current and non-current classification

The asset or liability is classified as current if it is expected to be settled within the next 12 months, being the City's operational cycle. In the case of liabilities where the City does not have the unconditional right to defer settlement beyond 12 months, such as vested long service leave, the liability is classified as current even if not expected to be settled within the next 12 months. Inventories held for trading are classified as current or non-current based on the City's intentions to release for sale.

# c) Rounding off figures

All figures shown in this annual financial report, other than a rate in the dollar, are rounded to the nearest dollar. Amounts are presented in Australian Dollars.

#### d) Comparative figures

Where required, comparative figures have been adjusted to conform with changes in presentation for the current financial year.

When the City applies an accounting policy retrospectively, makes a retrospective restatement or reclassifies items in its financial statements that has a material effect on the statement of financial position, an additional (third) Statement of Financial Position as at the beginning of the preceding period in addition to the minimum comparative financial report is presented.

#### e) Budget comparative figures

Unless otherwise stated, the budget comparative figures shown in this annual financial report relate to the original budget estimate for the relevant item of disclosure.

f) Superannuation
The City contributes to a number of Superannuation Funds on behalf of employees. All funds to which the City contributes are defined contribution

# g) Fair value of assets and liabilities

Fair value is the price that the City would receive to sell the asset or would have to pay to transfer a liability, in an orderly (i.e. unforced) transaction between independent, knowledgeable and willing market participants at the

As fair value is a market-based measure, the closest equivalent observable market pricing information is used to determine fair value. Adjustments to market values may be made having regard to the characteristics of the specific asset or liability. The fair values of assets that are not traded in an active market are determined using one or more valuation techniques. These valuation techniques maximise, to the extent possible, the use of observable market data.

To the extent possible, market information is extracted from either the principal market for the asset or liability (i.e. the market with the greatest volume and level of activity for the asset or liability) or, in the absence of such a market, the most advantageous market available to the entity at the end of the reporting period (i.e. the market that maximises the receipts from the sale of the asset after taking into account transaction costs and transport costs).

For non-financial assets, the fair value measurement also takes into account a market participant's ability to use the asset in its highest and best use or to sell it to another market participant that would use the asset in its highest and best use.

#### h) Interest revenue

Interest revenue is calculated by applying the effective interest rate to the gross carrying amount of a financial asset measured at amortised cost except for financial assets that subsequently become credit-impaired. For credit-impaired financial assets the effective interest rate is applied to the net carrying amount of the financial asset (after deduction of the loss allowance).

#### i) Fair value hierarchy

AASB 13 Fair Value Measurement requires the disclosure of fair value information by level of the fair value hierarchy, which categorises fair value measurement into one of three possible levels based on the lowest level that an input that is significant to the measurement can be categorised into as follows:

Measurements based on quoted prices (unadjusted) in active markets for brought to account in the prior year because City did not obtain the control of the cloud by identical assets or liabilities that the entity can access at the measurement date.

Measurements based on inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly.

Measurements based on unobservable inputs for the asset or liability.

The fair values of assets and liabilities that are not traded in an active market are determined using one or more valuation techniques. These valuation techniques maximise, to the extent possible, the use of observable market data. If all significant inputs required to measure fair value are observable, the asset or liability is included in Level 2. If one or more significant inputs are not based on observable market data, the asset or liability is included in Level 3.

#### Valuation techniques

The City selects a valuation technique that is appropriate in the circumstances and for which sufficient data is available to measure fair value. The availability of sufficient and relevant data primarily depends on the specific characteristics of the asset or liability being measured. The valuation techniques selected by the City are consistent with one or more of the following valuation approaches:

#### Market approach

Valuation techniques that use prices and other relevant information generated by market transactions for identical or similar assets or liabilities

## Income approach

Valuation techniques that convert estimated future cash flows or income and expenses into a single discounted present value.

#### Cost approach

Valuation techniques that reflect the current replacement cost of the service capacity of an asset.

Each valuation technique requires inputs that reflect the assumptions that buyers and sellers would use when pricing the asset or liability, including assumptions about risks. When selecting a valuation technique, the City gives priority to those techniques that maximise the use of observable inputs and minimise the use of unobservable inputs. Inputs that are developed using market data (such as publicly available information on actual transactions) and reflect the assumptions that buyers and sellers would generally use when pricing the asset or liability are considered observable, whereas inputs for which market data is not available and therefore are developed using the best information available about such assumptions are considered unobservable

#### i) Impairment of assets

In accordance with Australian Accounting Standards the City's assets, other than inventories, are assessed at each reporting date to determine whether there is any indication they may be impaired.

Where such an indication exists, an impairment test is carried out on the asset by comparing the recoverable amount of the asset, being the higher of the asset's fair value less costs to sell and value in use, to the asset's carrying

Any excess of the asset's carrying amount over its recoverable amount is recognised immediately in profit or loss, unless the asset is carried at a revalued amount in accordance with another Standard (e.g. AASB 116 *Property, Plant* and Equipment) whereby any impairment loss of a revalued asset is treated as a revaluation decrease in accordance with that other Standard.

#### 24. FUNCTION AND ACTIVITY

#### (a) Service objectives and descriptions

City operations as disclosed in this financial report encompass the following service orientated functions and activities.

	ct		

#### Governance

To provide a decision making process for the efficient allocation of scarce resources.

# Description

Includes the activities of members of council and the administrative support available to the council for the provision of governance of the district. Other costs relate to the task of assisting elected members and ratepayers on matters which do not concern specific council services.

#### General purpose funding

To collect revenue to allow for the provision of services.

Rates, general purpose government grants and interest revenue.

# Law, order, public safety

To provide services to help ensure a safer and environmentally conscious community.

Supervision and enforcement of various local laws relating to fire prevention, animal control and other aspects of public safety including emergency services.

#### Health

To provide an operational framework for environmental and community health.

Inspection of food outlets and their control, provision of meat inspection services, noise control and waste disposal compliance.

#### **Education and welfare**

To provide services to disadvantaged persons, the elderly, children and youth.

Maintenance of child minding centre, playgroup centre, senior citizen centre and aged care centre. Provision and maintenance of home and community care programs and youth services.

# Housing

To provide and maintain elderly residents

Provision and maintenance of elderly residents housing.

#### Community amenities

To provide services required by the community.

Rubbish collection services, operation of rubbish disposal sites, litter control, construction and maintenance of urban storm water drains, protection of the environment and administration of town planning schemes, cemetery and public conveniences.

#### Recreation and culture

To establish and effectively manage infrastructure and resource which will help the social wellbeing of the community.

Maintenance of public halls, civic centres, aquatic centre, beaches, recreation centres and various sporting facilities. Provision and maintenance of parks, gardens and playgrounds. Operation of library, museum and other cultural facilities.

# **Transport**

To provide safe, effective and efficient transport services to the community.

Construction and maintenance of roads, streets, footpaths, depots, cycle ways, parking facilities and traffic control. Cleaning of streets and maintenance of street trees, street lighting etc.

#### **Economic services**

To help promote the City and its economic wellbeing.

Tourism and area promotion including the maintenance and operation of a caravan park. Provision of rural services including weed control, vermin control and standpipes. Building Control.

# Other property and services

To monitor and control City of Nedlands's overheads operating accounts.

Private works operation, plant repair and operation costs and engineering operation costs.

(})	Point Resolution Childcare Centre	To fund PRCC

# 29. CORRECTION OF PRIOR PERIOD ERRORS

During the year the City identified a land asset that was valued as part of the 2021-22 revaluation that was sold in a prior year. 75 Doonan Road (Lot 18) Nedlands was valued at \$1,150,000 and has since been removed from the City's asset book through the land revaluation surplus.

During the prior year an Intangible Asset was recognised for the cloud based software that was implemented as part of the major ERP project, at a cost of \$973,400.

Applying AASB 138 regarding Intangible Assets now requires derecognition of the Intangible Asset brought to account in the prior year because City did not obtain the control of the cloud based software. Instead the amount should be expensed.

# INDEPENDENT AUDITOR'S REPORT 2023 City of Nedlands

# To the Council of the City of Nedlands

# **Disclaimer of Opinion**

I am required by section 7.7 of the Local Government Act 1995 to audit the annual financial report of the City of Nedlands (City) which comprises:

- the Statement of Financial Position as at 30 June 2023, and the Statement of Comprehensive Income, Statement of Changes in Equity, Statement of Cash Flows and Statement of Financial Activity for the year then ended
- Notes comprising a summary of significant accounting policies and other explanatory information.

I do not express an opinion on the accompanying financial report of the City. Because of the significance of the matter described in the Basis for Disclaimer of Opinion section of my report, I have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial report.

# **Basis for Disclaimer of Opinion**

# Financial report not supported with complete and accurate underlying records

I was unable to obtain sufficient appropriate audit evidence regarding the financial report as a whole as the financial report was submitted for audit purposes without complete and accurate underlying records. I was unable to audit the financial report by alternative means. Consequently, I am unable to determine whether any adjustments were necessary to the financial report as a whole for the year ended 30 June 2023.

# Responsibilities of the Chief Executive Officer and Council for the financial report

The Chief Executive Officer (CEO) of the City is responsible for:

- keeping proper accounts and records
- preparation and fair presentation of the financial report in accordance with the requirements
  of the Act and, to the extent that they are not inconsistent with the Act, the Australian
  Accounting Standards
- managing internal control as required by the CEO to ensure the financial report is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the CEO is responsible for:

- assessing the City's ability to continue as a going concern
- · disclosing, as applicable, matters related to going concern
- using the going concern basis of accounting unless the State Government has made decisions affecting the continued existence of the City.

The Council is responsible for overseeing the City's financial reporting process.

# Auditor's responsibilities for the audit of the financial report

As required by the *Auditor General Act 2006*, my responsibility is to express an opinion on the financial report. However, based on the matter described in the basis for disclaimer of opinion of the auditor's report, I was not able to obtain adequate and appropriate audit evidence to provide a basis for an audit opinion on the financial report.

# My independence and quality management relating to the report on the financial report

I have complied with the independence requirements of the *Auditor General Act 2006* and the relevant ethical requirements relating to assurance engagements. In accordance with ASQM 1 *Quality Management for Firms that Perform Audits or Reviews of Financial Reports and Other Financial Information, or Other Assurance or Related Services Engagements,* the Office of the Auditor General maintains a comprehensive system of quality management including documented policies and procedures regarding compliance with ethical requirements, professional standards and applicable legal and regulatory requirements.

# Matters relating to the electronic publication of the audited financial report

This auditor's report relates to the financial report of the City of Nedlands for the year ended 30 June 2023 included in the annual report on the City's website. The City's management is responsible for the integrity of the City's website. This audit does not provide assurance on the integrity of the City's website. The auditor's report refers only to the financial report. It does not provide an opinion on any other information which may have been hyperlinked to/from the annual report. If users of the financial report are concerned with the inherent risks arising from publication on a website, they are advised to contact the City to confirm the information contained in the website version.
