MAY 2024

Mayor's Message

Dear Residents,

As we welcome May, I am excited to announce the appointment of Ms. Keri Shannon as our new Chief Executive Officer. Ms. Shannon brings a wealth of experience with a distinguished career spanning over two decades in various leadership positions. With degrees in law and commerce, and specialised training in corporate governance and local government, our incoming CEO is well-prepared to lead our administration and operations. We look forward to Ms Shannon's contributions and leadership in fulfilling the community's vision for our City.

The City of Nedlands continues to thrive through community-focused initiatives. I am delighted to share the progress of installing innovative bird watering stations across the city, supported by a generous grant from Lotterywest. These avian pit stops will significantly benefit our local environment, particularly endangered species such as the Carnaby's and Forest-Red Tailed Black-Cockatoos.

Additionally, I urge everyone to participate in the public consultation for our Tree Retention Local Planning Policy. Following the refusal of Scheme Amendment 12, the City of Nedlands aims to implement a local tree protection policy. Please add your submission through 'Your Voice Nedlands'. Thank you.

Yours faithfully
Fiona E.M Argyle
Mayor, City of Nedlands

In Focus

Water conservation efforts in parks

The City of Nedlands relies on groundwater to irrigate our local parks and reserves, and our annual water allocation is set by the Department of Water and Environmental Regulation. Due to the extended period of reduced rainfall across Perth, the City is undertaking active measures to manage our water allocation. Residents are advised that some deterioration in turf condition in local parks can be expected. Read more at nedlands.wa.gov.au/news/

Are you storm ready?

As we go into the 2024 storm season it's important that residents ensure that they are storm ready. The best thing that you can do to protect yourself and your property is to be prepared. Read more about how to prepare for storm season at nedlands.wa.gov.au/news/

Shape the future of public health in the City of Nedlands

The City of Nedlands is actively seeking final community feedback on the Draft Public Health Plan 2024-28. Community input is highly valued in this process as we work together to improve and protect the health of our community.

Read the Draft Public Health Plan and provide your feedback at yourvoice.nedlands.wa.gov.au or by scanning the QR code
